TITLE 6—AGRICULTURAL CREDIT

Chapter II—Production and Marketing Administration (Commodity Credit)

PART 296—GRAIN PURCHASES

EMERGENCY WHEAT PURCHASE PROGRAM BULLETIN

§ 296.01 *Emergency Wheat Purchase Program Bulletin.* This section states the requirements with respect to the Emergency Wheat Purchase Program of the Commodity Credit Corporation, hereinafter called C. C. C., under which purchases of eligible wheat will be made. The program will be administered in the field by the County Agricultural Conservation Committees under the general supervision of the respective State Committees.

(a) *Terms of eligibility.* For the purpose of this section and the contract of sale relating thereto, an eligible producer shall be any individual, partnership, association, corporation, or other legal entity who produced the eligible wheat. Eligible wheat shall be wheat of the 1945 crop and of a grade and quality corresponding to the grade and quality required of eligible wheat under the wheat loan program.

(b) *Terms and conditions.*—(1) *Delivery.* Delivery of the wheat shall be made to a country elevator which has executed a Uniform Grain Storage Agreement with the Secretary of Agriculture. Delivery must be made before a closing date to be announced, which will, in any event, be not later than July 1, 1946. If a sufficient quantity of wheat is obtained prior to such closing date, the closing date may be advanced; however, if the closing date is advanced, C. C. C. will give notice thereof.

(2) *Contract of sale.* The contract of sale shall be in the form prescribed by C. C. C.

(3) *Purchase price.* The purchase price per bushel shall be the applicable market price as determined by C. C. C. at the point of delivery on any date the producer elects, between the date of delivery and April 1, 1947: *Provided, however,* That only one election may be made

for each lot of wheat: *And provided further,* That the producer may not elect a date prior to the date on which he mails a notice to C. C. C. in writing of his election. In the event no date is elected, the purchase price shall be the applicable market price as of March 31, 1947.

(4) *Basis of sale.* The weight, grade, and quality of the wheat shall be the inweight, grade, and quality determined by the country elevator and approved by the producer at the time the wheat is received at the elevator.

(5) *Time of payment.* The purchase price shall be paid as soon as practicable after the producer has notified C. C. C. of the date as of which the purchase price is to be determined. No advance payment will be made on the purchase price.

(6) *When title passes.* The contract, when signed by the producer, shall become effective and the title to the wheat shall pass to C. C. C. as of the date the contract is signed by the country elevator accepting delivery on behalf of C. C. C.

(7) *Warranty against liens.* The producer shall be required to warrant that he is the owner of the wheat and that the wheat is free and clear of all liens and encumbrances.

(8) *Assignments.* The rights under the Contract of Sale cannot be transferred or assigned.

(c) *Offices of Directors of Grain Branch, Production and Marketing Administration, in charge of Commodity Credit Corporation Programs:*

Chapter II—Securities and Exchange Commission

PART 210—FORM AND CONTENT OF FINANCIAL STATEMENTS, SECURITIES ACT OF 1933, SECURITIES EXCHANGE ACT OF 1934, AND INVESTMENT COMPANY ACT OF 1940

PROFIT AND LOSS OR INCOME STATEMENTS

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Act of 1933, particularly sections 7 and 19 (a) thereof, and the Securities Exchange Act of 1934, particularly sections 12, 13, 15 (d), and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors and necessary for the execution of the functions vested in it by said acts, hereby amends Caption 16 of § 210.5-03 [Rule 5-03 of Regulation S-X] by adding the following new paragraph (d):

§ 210.5-03 Profit and loss or income statements. * * *

(b) * * *

16. Net income or loss. * * *

(d) Disclosure of war costs, losses, expenses and income—(1) Items excluded from the profit and loss or income statement. If any substantial amounts of costs, losses, expenses or income attributable to conditions arising out of the war or its termination have been excluded from the profit and loss or income statement and charged or credited directly to surplus or reserve accounts on the ground that such items are not considered applicable to operations during the period of report, show the net aggregate amount of all such excluded items under an appropriate separate caption set forth following caption 16 but neither added to, nor deducted from, caption 16. The following information as to such excluded items shall be given, preferably in tabular form, either under this caption or by means of a footnote or schedule referred to under this caption:

(i) The nature and amount of each major category of the excluded items.

(ii) The account or accounts to which such items were charged or credited and the amounts involved.

(2) Items included within the profit and loss or income statement. If the profit and loss or income statement for the period of report includes substantial amounts of costs, losses, expenses or income (including transfers from war reserves) which in the registrant's opinion are attributable to conditions arising out of the war or its termination but are not applicable to production and sale of goods or services during the period of report, the amounts so included shall, if practicable, be segregated under appropriate captions. If segregation is not practicable, a brief statement of the circumstances shall be made as a part of the statement required by subparagraph (3), of this paragraph, together with an estimate of the amounts involved.

(3) Statement of policy. A concise statement shall be made in a footnote of the principle followed in determining that items of costs, losses, expenses or income were

attributable to conditions arising out of the war or its termination and were not applicable to the production and sale of goods and services during the period of report.

Effective: March 31, 1946.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

PART 944—REGULATIONS APPLICABLE TO THE OPERATIONS OF THE PRIORITIES SYSTEM

[Priorities Reg. 28, as Amended Apr. 2, 1946]

RESTRICTED PRIORITIES ASSISTANCE FOR NON-MILITARY PURPOSES

§ 944.49 *Priorities Regulation 28—(a) Background and purpose of this regulation.* With the exception of certain areas of critical shortages, such as the housing and apparel fields, the increased supply of many materials resulting from reduction in military procurement is generally adequate to meet demands. It is the declared policy of the Civilian Production Administration to remove priority controls as quickly as possible. In view of this situation and policy, the issuance of preference ratings by the CPA will be restricted to a minimum. Outside the areas of critical shortages mentioned above, limited priorities assistance may be given for non-military purposes only in specific instances where the need is clearly demonstrated as necessary to assist reconversion or insure the continued fulfillment of essential civilian or export needs. This regulation describes the conditions under which CC ratings will be assigned in such cases, except for textile fabrics or yarns for use in the United States which are covered by Priorities Regulation 28A.

Paragraph (b) below lists other regulations and orders which explain the assignment and use of preference ratings for purposes not covered by this regulation. Paragraph (c) states how applications should be filed under this regulation for use in this country. Paragraph (d) gives the general rules governing the assignment of such ratings, and paragraphs (e) through (h) cover the special situations where these ratings may be granted. Paragraph (i) explains how CC ratings are granted for export.

(b) *Other procedures for assigning ratings.* Priorities Regulation 1 explains in general the rating system, including the sequence of ratings and the purposes for which AAA and MM ratings are assigned. In addition, Priorities Regulation 28A, and certain orders in the M-317 and M-328 series, explain the assignment of CC ratings for certain textiles and related items, and Priorities Regulation 33 explains the assignment of HH ratings for housing.

(c) *How to apply for a CC rating.* Applications for a CC rating under this regulation for uses in the United States, its territories and possessions, should be made on Form CPA-541A addressed to the Civilian Production Administration, Washington 25, D. C., Ref: PR-28. Applications for textile yarns and fabrics covered by Priorities Regulation 28A should be made in accordance with that regulation, and applications for other textiles and related items for certain end uses should be made as explained in orders in the M-317 and M-328 series.

(d) *When the Civilian Production Administration will assign a CC rating under this regulation.* (1) When effective assistance of other kinds is not prac-

ticable (CPA may locate sources able to ship without ratings), CC ratings may be granted for specific items and quantities of materials in the limited classes of cases described in paragraphs (e) through (h) below, upon determination in each instance that all the following conditions are met:

(i) The use of substitute and less scarce materials is not practicable;

(ii) Reasonable efforts have been made to get the required item without a rating; and

(iii) A rating is required to obtain the item by the latest date and in the minimum quantity practicable after taking into consideration material in inventory and material available without a rating.

(2) In the case of production materials and operating supplies, the CPA will not generally assign ratings for more than a 60-day supply of the item in question. This 60-day limitation does not preclude later applications.

(3) Preference ratings will not be assigned for the procurement of items which will be resold without change in form.

(4) The CPA will not grant a CC rating under this regulation where it would preempt an undue proportion of the limited amounts of material available. If the material is in such short supply that it is generally hard to obtain the CPA may provide other procedures rather than a rating under this regulation.

(5) CC ratings will be denied where it appears that the item for which the rating is requested is available under different terms of sale or from a supplier other than the applicant's customary one.

(e) *Critical products.* The CPA may assign a CC rating as explained in Schedule I to this regulation to get material which is needed to sustain or increase production of an item or service listed on that Schedule which the CPA has determined to be in such tight supply that it is a serious threat to the economy. Schedule I replaces former Directions 1 through 5 and 7 through 12 to this regulation covering critical products.

(f) *Production materials, capital equipment and MRO.* Under the conditions stated in paragraph (d), the CPA may grant a CC rating to get production materials, capital equipment or maintenance, repair and operating supplies (MRO) in the following cases:

(1) The CPA may assign a CC rating to get a "bottleneck" item where a great majority of the materials or of the equipment needed is on hand or is obtainable without priorities assistance and it is demonstrated that failure to receive it in the quantity and on the date requested will prevent an entire plant from beginning, resuming or maintaining operations at the minimum economic rate. The "minimum economic rate" of operation means the rate of operation at which the plant as a whole must operate to avoid incurring a financial loss, without regard to any particular product if the plant makes more than one. If a plant is currently operating at less than capacity without incurring a financial loss, the minimum economic rate of operation will not be considered a higher rate than the current one, even though

some of the plant's regular products are not currently being produced.

(2) Special consideration, not limited to bottleneck items, will be given to the needs of small business and to the business needs of World War II Veterans up to the minimum economic rate of operation. For this purpose "small business" generally means a business in which not more than 250 persons are actively employed. A veteran who wants to get farm machinery or equipment listed in War Food Order 135 of the Department of Agriculture for use on a farm should apply under that order for a veterans' preference certificate. No farmer should apply under this regulation for such farm machinery or equipment unless he qualifies under paragraph (h) (4) below.

(3) Special consideration will also be given to emergency requirements for veterans' educational facilities.

(4) CC ratings, however, will not be ordinarily assigned under this paragraph (f) for specialized machinery or equipment designed and made solely for the production of a critical product listed in Schedule I to this regulation. CC ratings for such machinery and equipment will be assigned only under the criteria stated in paragraph (h) below.

(g) *Construction.* Under the conditions stated in paragraph (d), the CPA may assign CC ratings to get construction material and equipment in the following cases:

(1) A bottleneck item which is needed to complete non-housing construction, and which is to be physically incorporated in the structure. CC ratings will not be assigned under this paragraph (g) (1) for any materials listed on Schedule A to Priorities Regulation 33.

(2) An item of material not listed on Schedule A to Priorities Regulation 33 which will be physically incorporated in a dwelling and is needed to make the dwelling habitable.

(3) A person applying for a CC rating to get construction materials or equipment must show on his application Form CPA-541A that approval for the project has been granted on Form CPA-4386 or CPA-4423, or that the construction is exempt under Veterans Housing Program Order No. 1.

(h) *Miscellaneous.* Under the conditions stated in paragraph (d), the CPA may grant a CC rating under this regulation to get material in the following cases:

(1) The item is needed to prevent a delay in the completion on time of military procurement, production or construction; or

(2) The item is needed for incorporation into a product to be delivered on a CC or HH rating, and the item is not on hand or available on order; or

(3) The item is needed for use by the applicant to eliminate serious hazard to the life, health or safety of a large num-

ber of people, or to maintain or establish essential public or other community service; or

(4) The item is essential to replace one which has been destroyed by flood, fire, tornado or other act of God, and the item (i) is to be used on a farm, or (ii) is essential to the continued operation of a plant, facility or service at the minimum economic rate; or

(5) The item is essential to the continued operation of a plant, facility or service at the minimum economic rate and is shown to fall in one of the following cases:

(i) It is needed in an emergency to replace equipment which has actually broken down and cannot be repaired; or

(ii) It is needed to replace equipment which is subject to recurring mechanical breakdowns and is out of service so frequently as to impede operations; or

(iii) It is needed to replace equipment which has been condemned as unsafe or illegal by public authority or insurance underwriters and which cannot be repaired and must be replaced under requirements of law or insurance contracts; or

(6) The item is needed as a repair part to prevent imminent breakdown of machinery or equipment; or

(7) Failure to obtain delivery of the item would result in exceptional community hardship or in unreasonable and exceptional hardship not suffered generally by others in the same industry or activity.

(i) *CC Ratings for export.*—(1) *General.* In the case of materials for export (other than certain textiles and related items referred to in paragraph (i) (2) below), applications from Canada should be filed with the Priorities Officer of Canada, and will be handled on the same basis as United States applications. In the case of other exports, upon demonstration that a rating is required, a CC rating may be assigned for procurement in this country of materials for export to prevent serious injury to the minimum essential civilian economies of friendly foreign nations; or to aid in the restoration, development and maintenance of foreign sources of supplies vitally needed in this country; or for other reasons of public policy. Applications for such ratings should be made to the Office of International Trade, Department of Commerce on the forms prescribed by that agency.

(2) *Certain textiles and related items.* For exports, including shipments to Canada, of cotton broad woven fabrics for which set-asides are provided in the distribution schedules of Order M-317A, seine twine, fish netting, and cotton yarn, CC ratings may be granted, on specific applications only, to the extent of the export programs fixed by the CPA. Applications for such ratings should be made to the Office of International Trade, Department of Commerce, on the forms prescribed by that Agency; except that for shipments to Canada, applications should be filed with the Cotton Administrator of the Wartime Prices and Trade Board and will be acted on by the CPA.

PART 1042—IMPORTS OF STRATEGIC MATERIALS¹

[General Imports Order M-63, as Amended
Apr. 2, 1946]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain imported materials for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1042.1 *General Imports Order M-63—(a) Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership association, business trust, corporation, or any organized group of persons, whether or not incorporated.

(2) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(3) "Consignee" means the person to whom a material is consigned at the time of importation.

(4) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico, or any other foreign country.

(5) [Deleted Mar. 1, 1946.]

¹ Certain food items formerly on Lists I, II, and III are now subject to import control in accordance with War Food Administration Order 63.

(6) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(7) "Governing date" with respect to any material means the date when such material first became subject to General Imports Order M-63.

(b) *Restrictions on imports of materials*—(1) *General restriction.* No person, except as authorized in writing by the Civilian Production Administration shall purchase for import, import, offer to purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any material subject to this order after the governing date. The foregoing restrictions shall apply to the importation of any material subject to the order regardless of the existence on the governing date or thereafter of any contract or other arrangement for the importation of such material. The materials subject to this order are those listed from time to time upon Lists A and B attached hereto.

(2) *Authorization by Civilian Production Administration.* Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form WPB-1041 or CPA-1041 addressed to the Civilian Production Administration Ref: M-63, Washington 25, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.

(3) *Restrictions on financing of imports.* No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation after the governing date of any material subject to this order, unless such bank or person either has received a copy of the authorization issued by the Civilian Production Administration under the provisions of paragraph (b) (2) or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in paragraph (b) (4).

(4) *Exceptions.* Unless otherwise directed by the Civilian Production Administration, the restrictions set forth in this paragraph (b) shall not apply:

(i) To the Reconstruction Finance Corporation, U. S. Commercial Company, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, or any agent acting for any such department, agency or corporation; or

(ii) To any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, or to any material which the owner at the time of importation had purchased or otherwise acquired from any United States gov-

ernmental department, agency, or corporation; or

(iii) To any material which on the governing date was in transit to a point within the continental United States.

(iv) [Deleted Mar. 30, 1944]

(v) To any material consigned as a gift or imported for personal use where the value of each consignment or shipment is less than \$100.00; or to any material consigned or imported as a sample where the value of each consignment or shipment is less than \$25.00; or to any used material in the category of household goods imported by the owner for his own personal use; or

(vi) To materials consigned as gifts for personal use by or to members of the Armed Services of the United States; or

(vii) [Deleted Nov. 13, 1944.]

(viii) To manufactured materials which are imported in bond solely for the purpose of having them repaired and then returned to the owner outside the continental United States; or

(ix) To materials which were grown, produced, or manufactured in the continental United States, and which were shipped outside the continental United States on consignment or pursuant to a contract of purchase, and which are now returned as rejected by the prospective purchaser; or

(x) To materials shipped into the United States in transit from one point in Mexico to another point in Mexico, or from one point in Canada to another point in Canada.

(xi) To materials on List B which are located in, and are the growth, production, or manufacture of, and are transported into the Continental United States overland, by air, or by inland waterway from Canada, Mexico, Guatemala or El Salvador.

(c) [Deleted June 4, 1945.]

(d) [Deleted June 4, 1945.]

(e) *Restrictions on distribution of List A and List B materials.* Unless otherwise provided by the terms of the authorization issued pursuant to paragraph (b) (2), any material on List A or List B which is imported in accordance with the provisions of this order after the governing date, may be sold, delivered, processed, consumed, purchased, or received without restriction under this order, but all such transactions shall be subject to all applicable provisions of the regulations of the Civilian Production Administration and to all orders and directions of the Civilian Production Administration which now or hereafter may be in effect with respect to such material.

(f) *Reports*—(1) *Reports on customs entry.* No material which is imported after the governing date, including materials imported by or for the account of the Reconstruction Finance Corporation, U. S. Commercial Company, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation or any other United States governmental department, agency, or corporation, shall be entered through the United States Bureau of Customs for any purpose, whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person

making the entry shall file with the entry Form WPB-1040 or CPA-1040 in duplicate except in the case of a material described in paragraph (b) (4) (xi) when the person making the entry need not file with the entry Form WPB-1040 or CPA-1040. The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted by the Collector of Customs to the Civilian Production Administration, Imports Division, Ref: M-63, Washington 25, D. C.

(2) *Other reports.* All persons having any interest in, or taking any action with respect to, any material imported after the governing date, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the Civilian Production Administration.

(3) *Exceptions.* The provisions of this paragraph (f) shall not apply to materials imported and consigned as gifts for personal use by or to members of the Armed Services of the United States.

(g) *Routing of communications.* All communications concerning this order shall, unless otherwise herein directed be addressed to: Civilian Production Administration, Washington 25, D. C. Ref: M-63.

(h) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority assistance. In addition, the Civilian Production Administration may direct the disposition and use of any material which is imported without authorization as required by paragraph (b).

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the Civilian Production Administration as amended from time to time.

(j) *Effect on liability of removal of material from order.* The removal of any material from the order shall not be construed to affect in any way any liability for violation of the order which accrued or was incurred prior to the date of removal.

Issued this 2d day of April 1946.

LIST B

The numbers listed after the following materials are commodity numbers taken from Schedule A Statistical Classification of Imports of the Department of Commerce (issue of January 1, 1943). Materials are included in the list to the extent that they are covered by the commodity numbers listed below. If no commodity number is listed, the description given shall control.

Material	Com- merce Import Class No.	Govern- ing date
Paper, standard newsprint.....	4711.00	8/3/45

N. S. C.—No separate class or commodity number has been assigned for the material as described by the Department of Commerce, Statistical Classification of Imports.

INTERPRETATION 1: Revoked June 4, 1945.

INTERPRETATION 2

The following official interpretation is hereby issued by the Civilian Production Administration with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended.

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship the material must have been afloat, or on board ocean bill of lading must have been issued with respect to it on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 5, 1943.)

INTERPRETATION 3: Revoked June 4, 1945.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 32, Direction 10]

TWENTY-DAY INVENTORY ON COKE

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of coal and coke for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

(a) No person, including a Government operated establishment, may accept delivery of any coke if his inventory of it is or will by virtue of such acceptance become more than he expects to use during the succeeding twenty days on the basis of his current or scheduled method and rate of operation.

(b) This direction does not apply to:

(1) Coke which on April 2, 1946 was billed or in transit;

(2) Any delivery of a carload of coke or less to any person who at the time of delivery has in his inventory less than a twenty day supply of coke. However, he may not thereafter accept delivery of any additional quantities until his inventory is again less than a twenty day supply;

(3) Delivery of coke to any person who acquires it for space heating, domestic hot water, or cooking;

(4) Delivery of coke to any person buying for resale.

(c) No person may place any order for coke requesting delivery which would result in an inventory in excess of that permitted by this direction. A person must immediately cancel, reduce or defer any order for coke which has been placed where the scheduled delivery would result in an inventory in excess of that permitted by this direction.

(d) No person may deliver any coke if he knows or has reason to believe that acceptance of such delivery would be in violation of this direction.

(e) Any appeal from this direction should be filed by letter in triplicate to the Civilian Production Administration, Steel Branch, Washington 25, D. C., Ref: PR 32, Direction 10, referring to the provision appealed from and stating fully the grounds of the appeal.

Issued this 2d day of April 1946.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[M-328B, Direction 10, as Amended Apr. 3, 1946]

USE OF CC RATINGS IN FIRST QUARTER OF 1946 UNDER SCHEDULE C

The following amended direction is issued pursuant to M-328B:

(a) *Purpose.* The purpose of this direction is to state the rules governing the yardage for which CC ratings may be used in the first quarter of 1946 under Schedule C of Order M-328B.

(b) [Deleted Apr. 3, 1946.]

(c) *Quantities and kinds of fabric which may be received on ratings.* (1) Authorizations on Form CPA-3732 under Schedule C for the first quarter of 1946 assign CC ratings for the total yardage of all fabrics which may be obtained for an item. The yardage explained in (c) (2) and (c) (3) below may be divided up in any way among the fabrics listed on the Preference Rating Schedules for that item.

(2) Any person who receives an authorization for an item on Schedule C on Form CPA-3732 for a yardage which was 75% or more of the total yardage of all fabrics for which he was assigned CC ratings for that item in the fourth quarter of 1945, is governed by the following rule. He may not receive on M-328B CC rated orders after he gets his CPA-3732 authorization for an item any fabric which will make his total receipts of all fabrics for that item in the first quarter of 1946 on M-328B CC ratings exceed the yardage authorized on Form CPA-3732 for that item. This includes the yardage authorized for the fourth quarter of 1945, but not received in that quarter.

(3) Any person who receives an authorization on Form CPA-3732 for any item for less than 75% of the total yardage of all fabrics allocated to him for that item in the

fourth quarter of 1945, may use CC ratings to get in the first quarter of 1946 75% of the yardage for which he was assigned CC ratings for all fabrics for the fourth quarter of 1945 for the same item. This includes the yardage authorized for the fourth quarter of 1945, but not received in that quarter.

(4) Any person who actually received before March 6, 1946, on CC ratings under Order M-328B more than the yardage to which he is entitled under this direction, may not receive any more fabric on M-328B CC ratings in the first quarter of 1946 for the particular item. He must, however, use all of the yardage obtained before then to make the item for which the rating was authorized.

(5) Any person who has placed CC rated orders for more yardage than he is authorized to receive under this direction must immediately unrate or cancel orders for the excessive yardage as explained in paragraph (e) (3) of Order M-328B.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Supplementary Order M-317A, as Amended
Apr. 1, 1946]

COTTON FABRIC DISTRIBUTION

Section 3290.116 *Supplementary Order M-317A* is amended to read as follows:

§ 3290.116 *Supplementary Order M-317A*—(a) *What this order does.* This order states the special rules for distribution of cotton fabrics, particularly with respect to set-asides for certain purposes, the certificates of use which must be filed with orders in order to obtain set-aside fabrics, and the effect and use of preference ratings. The set-aside percentage figures are shown in the tables at the end of this order.

(b) *Definitions.* (1) "Cotton fabric" means any fabric 12" or more in width woven or braided from cotton yarn which contains 50% or more by weight of cotton or cotton waste or any combination of the two. The term includes not only fabrics in the gray and yarn dyed fabrics, original mill or regular finish, but also fabrics which have been bleached, Sanforized, dyed or printed; and includes shorts, seconds, remnants or mill ends.

The term does not include blankets or blanketing containing 25% or more by weight of wool; or fabrics (other than blankets or blanketing) containing wool produced on the woolen or worsted system.

(2) "Producer" means any manufacturer who makes any cotton fabric in the forty-eight States or the District of Columbia.

(3) "Industrial and agricultural purposes" means any of the following purposes for which cotton fabric may be used, whether directly or as a component in the manufacture of items required for the purpose:

(i) Maintenance, repair, and operating supplies or capital equipment for any manufacturing, extractive (including mining and commercial fishing), agricultural, public utility or public transportation operation, or for any laundry or dry-cleaning establishment (not including items supplied on a return basis by a "linen service" agency or similar organization).

(ii) Medical, surgical, or hospital equipment and supplies (except clothing); and other equipment and supplies (except clothing) required for the protection of public health or safety.

(iii) Special occupational and safety clothing and gloves (but not including ordinary work clothing and work gloves, or uniforms, or sports equipment).

(iv) Production materials to be used in the manufacture of vehicles; building materials; construction machinery; mechanical household or office equipment; tires; rubber hose and belts; footwear; friction tape and pressure-sensitive tape; burial caskets; electrical, industrial, agricultural, food processing or transportation equipment; furniture; mattresses; box springs; and dual (purpose) sleeping equipment.

(v) Book binding.

(4) "Coated fabrics" means cotton fabrics coated, impregnated or otherwise treated with the following coatings, continuous from selvage to selvage, provided that such treatment is not merely a part of the normal operation of bleaching, dyeing, printing or other finishing:

Clay filled coatings
Lacquers
Ethylcellulose
Nitrocellulose
Oil coatings
Oleoresinous coatings
Paints
Pyroxylin
Starch filled coatings
Varnishes
Resins, natural or synthetic
Rubber, natural, synthetic or reclaim

"Coated fabrics" include but are not limited to such products as oil cloth, artificial leather, book binding cloth, Holland cloth and varnished cambric.

(c) *Set-aside of cotton fabrics for industrial and agricultural purposes.* During each calendar quarter after March 31, 1946 each producer shall set aside from his production of each cotton fabric, for delivery only on orders certified for "industrial and agricultural purposes" as defined in paragraph (b) (3) above, an amount not less than the percentage specified for that purpose in the

attached tables (column 4). Cotton fabrics set aside under this paragraph may not be delivered on orders certified for the making of bags controlled by Order M-221, except when expressly permitted by the attached tables.

(d) *Set-aside of cotton fabrics for bags under M-221.* During each calendar quarter after March 31, 1946, each producer shall set aside from his production of each cotton fabric, for delivery only on orders certified for the manufacture of bags controlled by Order M-221, an amount not less than the percentage specified for that purpose in the attached tables (column 5).

(e) *Gray goods minimum ratio in set-asides for industrial, agricultural and bag making purposes.* (1) From the total amount of each group of cotton fabrics having the same reference number which are set aside after March 31, 1946 for "industrial and agricultural purposes" and for bags controlled by Order M-221, the producer shall deliver not less than the percentage specified in the attached tables (column 12) on orders certified for use in the gray or for use in the manufacture of varnished cambric for electrical insulation.

(2) Manufacturers of coated fabrics may certify that the fabrics which they order for coating will be used in the gray only if the fabrics are to be coated without being bleached, dyed, printed, sized or otherwise finished.

(f) *Set-aside of cotton fabrics for M-328B programs.* The provisions of Order M-328B and its schedules and directions provide for set-asides of certain fabrics for apparel and piece goods. The percentages shown for these set-asides in the attached tables (columns 6 and 7) are included only for purposes of explanation and are not controlling.

(g) *Exports of cotton fabrics*—(1) *Set-aside for general export.* During each calendar quarter after March 31, 1946 each producer shall set aside from his production of each cotton fabric, for delivery only on orders certified for export (including export to Canada), an amount not less than the percentage specified for that purpose by the attached tables (column 8). Fabrics set aside under this paragraph shall not be delivered on orders for eventual export by the United States Army, Navy, Maritime Commission, War Shipping Administration, American Red Cross, or any U. S. Military, Naval or Maritime Post Exchange, Ship's Service Store or other equivalent service department.

(2) *Sub-set-aside for export to Canada.* During each calendar quarter after March 31, 1946 each producer shall set aside from his production of each cotton fabric, for delivery only on orders certified for export to the Dominion of Canada, an amount not less than the percentage specified for that purpose by the attached tables (column 9). Deliveries on certified Canadian export orders within this minimum percentage are chargeable, and in excess of it are not chargeable, against the general export set-aside of paragraph (g) (1) above. In the absence of a specific percentage in column 9 of the attached tables for any fabric, any deliveries of that fabric on

certified Canadian export orders may be charged against the general export set-aside of paragraph (g) (1) above.

(3) *Scope of export set-aside.* The export set-asides are for cotton fabrics to be exported in the gray, in the finished state, as piece goods, or in any of the following forms: bedsheets, pillow cases, blankets, towels, diapers, face cloths, table "linen", or clothing.

(4) *Special export rules for wide cotton fabrics.* In calculating export-set-asides the producer may exclude his production of cotton fabrics wider than 42½". However, deliveries on certified export orders of cotton fabrics wider than 42½" may be credited against the producer's export set-aside of cotton fabrics less than 42½" wide within the same reference number in column 1 of the attached tables (or, in the case of drills, twills and sateens, deliveries on certified export orders of any of these fabrics wider than 42½" may be credited against the producer's export set-aside of any drill, twill or sateen less than 42½" wide).

(5) *Certifying orders for replacement of exported cotton fabrics.* Purchase orders may be certified "for export" under this order when the cotton fabrics (or other items listed in paragraph (g) (3) above) being ordered either will be exported as certified, or else will replace in inventory other cotton fabrics (or items) of like description which have been exported as certified within the previous 90 days.

(h) *General provisions for set-asides—*

(1) *Quantities to be set-aside and carry-overs from previous quarters.* The undelivered balance of the total quantity required to be set aside for any purpose during any quarter (including the first quarter of 1946 with respect to exports and bags controlled by Order M-221), shall be added to the percentage of production during the next quarter which must be set aside for that purpose. The sum of the carry-over plus the required percentage of current production constitute the total quantity of each set-aside during each quarter. For the purpose of determining set-aside quantities during any quarter, production during that quarter must be estimated as being at least equal to the previous quarter's production. However, carry-overs must be computed on the basis of actual production and deliveries.

(2) *Deliveries in excess of required set-asides.* Deliveries in excess of the quantity required to be set aside for any purpose may not be credited against the set-aside for any other purpose, nor against the next quarter's set-aside for the same purpose. The set-aside for each purpose is a minimum required quantity, and does not prevent additional quantities being delivered from production which has not been set aside for other purposes.

(3) *Shorts, seconds, remnants and mill ends.* Shorts, seconds, remnants and mill ends must be included in total production for the purpose of determining set-asides only to the extent that these items exceed 10 percent of the total production (including these items).

Deliveries of shorts, seconds, remnants and mill ends may not be credited as deliveries against the set-asides.

(4) *Cotton fabric products.* A producer may charge against the applicable set-aside the cotton fabric which he uses to make cotton fabric products (such as sheets, towels, diapers, etc.), if he delivers the products on orders which meet the terms of the set-aside. However, in the case of export set-asides the permitted products are limited by paragraph (g) (3).

(i) *Purchase order certificates for cotton fabrics—*(1) *When certificate required, and restrictions on use or resale of fabric received on certification.* No producer may deliver cotton fabrics which he is required to set aside under this order except on purchase orders with certificates stating that the fabrics ordered will be used or resold for purposes meeting the set-aside provisions. A person who has obtained cotton fabrics on certification may use them only as certified, and may resell them only on orders similarly certified. However, he may resell at retail without certification from the buyer unless he knows or has reason to believe that the buyer will not use the fabric for the certified purpose.

Delivery shall not be made on any order which the seller knows or has reason to believe is falsely certified, or on any uncertified order which is required to be certified, even though the order is rated MM or CC.

(2) *Content and form of certificate.* The purchase order certificate must state the ultimate use of the cotton fabric ordered and must be certified and signed, as follows:

For use or resale for industrial or agricultural purposes under CPA Order M-317A (if applicable, add "for use in the gray without any finishing", or "for varnished cambric for electrical insulation")—or

For use or resale for making bags controlled by CPA Order M-221 (if applicable, add "for use in the gray without any finishing")—or

For export (and state the governing export license number and date of validation, or the United States Treasury Procurement Division contract number and date; or if the export is to Canada, so state and add the Canadian Cotton Administrator's Serial Number and date).

The above statements of use must be followed by the following standard form of certification, signed manually or as provided in Priorities Regulation 7:

The undersigned purchaser certifies, subject to the penalties of section 35 (a) of the United States Criminal Code, to the seller and to the Civilian Production Administration, that, to the best of his knowledge and belief, the undersigned is authorized under applicable Civilian Production Administration regulations and orders to place this delivery order, to receive the item(s) ordered for the purpose for which ordered, and to use any preference rating which the undersigned has placed on this order.

(Authorized Signature) (Date)

(3) *Addition of rating.* In addition to the above statement of ultimate use, the applicable rating (if any) and the statement of the source of the rating (required by paragraph (c) of Order M-

317) may be inserted in the above certificate instead of being certified separately.

(j) *Preference ratings.* (1) Orders which are duly certified for any set-aside purpose and also bear preference ratings and the statement of source of rating required by Order M-317, must be accepted and filled from the applicable set-aside in accordance with the provisions of Priorities Regulation No. 1. On the other hand, delivery may not be made of any set-aside cotton fabrics on any rated order which is not certified as required by paragraph (i) above.

(2) During each quarter after March 31, 1946 no producer need accept rated orders which would cause him to deliver, more of any cotton fabric from the balance of his production not subject to set-asides, than the percentage of his production of that fabric specified in the attached tables (column 11). Deliveries on rated certified orders which have been credited against any set-aside may not also be credited against the rating ceiling of this paragraph.

(3) Paragraph (j) (1) and (2) above refer to MM and CC rated orders. Orders rated AAA must be accepted and filled regardless of the set-aside or rating ceiling provisions of this order.

(4) No producer of cotton fabric shall use any preference rating to obtain cotton fabric from another producer, except to the extent authorized by the Civilian Production Administration, upon his showing on Form CPA-2842, that his own production is insufficient or unsuitable. This does not apply to orders accepted before April 1, 1946.

(5) Preference ratings assigned for the export of cotton fabric expire if they are not applied or extended to an order accepted by a producer within six months of the date the rating was assigned.

(6) No person is required to accept any rated order for cotton fabrics calling for delivery more than 90 days after the receipt of the order, except from the United States Army, Navy, Maritime Commission or War Shipping Administration.

(k) *Integrated mills.* Requisitions for intra-company deliveries of cotton fabrics from the producing mill shall be treated as if they were purchase orders, for the purpose of the set-aside and certification requirements and the other provisions of this order.

(l) *Reports.* Each producer of cotton fabrics shall file a report with the Civilian Production Administration on Forms CPA-658B and C at the time and in the manner prescribed in these forms. These reports on requirements have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(m) *Communications.* All reports, appeals and other communications concerning this order shall be addressed to: Civilian Production Administration, Textile Division, Washington 25, D. C. Ref: M-317A.

Issued this 1st day of April 1946.

§ 3290.120 Conservation Order M-328B—(a) Explanation. This order (including the schedules and supplements)

states the rules under which apparel and other textile end-product manufacturers may get preference ratings to make listed essential items under special programs. It also provides a method for retail sellers of over-the-counter piece goods to get certain fabrics. Set-asides are also established on producers of certain cotton, rayon and wool fabrics to channel them to the above uses. This Order M-328B states the general rules including those relating to the obtaining of priorities assistance and the use of such priorities assistance after it has been obtained. Other rules may be specified for a special program in a schedule of this order. If the rules set forth in a schedule differ from those specified in this order the provisions of the schedule govern.

(b) *Definitions.* For the purpose of this order and its schedules,

(1) "Special program" means a program approved by the Civilian Production Administration for the production with priorities assistance and the distribution of any item on a schedule of this order.

(2) "Priorities assistance" includes preference ratings, allocations and directions.

(3) "Manufacturer" means any person engaged in the United States in manufacturing for sale any item listed in a schedule of this order from material which has not been supplied directly or indirectly by the person acquiring the item.

A person is also deemed a "manufacturer" for the purpose of using a preference rating under this order, if he is engaged in the business of selling and having manufactured in the United States for his account an item listed in a schedule of this order from material which he owns or material which he directly or indirectly supplies to a contractor or contractors. In no event shall more than one person be deemed a "manufacturer" of the same units which one person fabricates in whole or in part and for which another person supplies the material.

(4) "Base period" means the past period of production which a manufacturer uses as a base in applying for priorities assistance under this order.

(5) "Base period manufacturer" means a manufacturer who applies for priorities assistance to make an item of the same class of material (cotton, rayon or wool) of which he was a manufacturer in the base period for sale at or below any price specified in the applicable schedule of this order.

(6) "Price", unless otherwise stated, means the list price of the manufacturer to an unaffiliated purchaser. A purchaser is deemed affiliated with a manufacturer if he is an owned or controlled outlet, or is an outlet which owns, controls or is subject to common control with the manufacturer. A manufacturer who sells directly to consumers or to an affiliated purchaser may use two-thirds of the retail selling price as a manufacturer's equivalent selling price in applying for priorities assistance.

(7) "Item", unless otherwise designated, means the article produced for

civilian sale, of the type, size and other description listed in a schedule.

(8) The terms "orders" or "purchase orders" include orders between branches or divisions of a company as well as orders from other companies.

(9) "Veteran" means any person who was in the Army, Navy, Marine Corps, Coast Guard or Merchant Marine on or after September 16, 1940, and was discharged or released under conditions other than dishonorable after active service of 90 days or more, or by reason of an injury or disability incurred in service in line of duty.

(c) *How to apply for priorities assistance.* (1) Applications for the second quarter of 1946 must be filed on Form CPA-3732 with the Textile Division, Civilian Production Administration, Washington 25, D. C. and should be postmarked not later than April 23, 1946, except that a veteran who was discharged from the military service on or after March 1, 1946, may file his application at any time before June 1, 1946. Also, if any item is added to a schedule during that quarter, applications for that item may be filed within 20 days after the item is added. Copies of the application form CPA-3732 and other CPA forms used under this order may be procured by writing to the Civilian Production Administration, Washington 25, D. C.

(2) Each applicant must show on Form CPA-3732 his base period and base period production of an item under the following rules:

(i) If he was in business during at least 6 months of 1943 or 1944, he may apply for the items of which he was a manufacturer in any calendar quarter of either year, but must use the same quarter as his base period for all items under a single schedule to this order.

(ii) If he entered business after July 1, 1944, he may apply for the items of which he was a manufacturer in any calendar quarter after that, but must use the same quarter as his base period for all items under a single schedule to this order.

(iii) If he is a veteran who closed his business when he entered the military service, he may use as his base period the last full-calendar quarter in which he was a manufacturer of the items before his entry into military service.

(3) An applicant who produced on his own facilities in 1943, 1944 or 1945 textile products for the military services and who before then produced on his own facilities items listed on a schedule to this order may use as his base period the better of the two calendar quarters preceding the quarter when he started military production. If such a manufacturer increased his own facilities to produce military textile products, he may be eligible for a military credit, and should

therefore attach a letter to his application on Form CPA-3732 showing all the following:

(i) The quantity of each textile product which he made for his own account in the better of the two calendar quarters preceding the quarter in which he first made textile products for the military services;

(ii) The average number of sewing machines he used in making each textile product reported under (i) above; and

(iii) The total number of sewing machines he operated in his best quarter during which he made textile products for the military services.

(4) An applicant who did not make an item applied for before the fourth quarter of 1945 must send with his application on Form CPA-3732 a certified or photostatic copy of the document furnished to him by the Office of Price Administration establishing his maximum average price for the category which includes that item, or his ceiling price. For items not covered by any price regulation which requires specific applications for a ceiling price or highest price line, the following certificate (signed as provided in Priorities Regulation 7) must be furnished instead:

The undersigned certifies, subject to the criminal penalties of section 35 (A) of the United States Criminal Code, that he has met all the requirements of the Office of Price Administration for establishing ceiling prices for the items listed on the accompanying application.

(5) An applicant who does not own or control the facilities on which it is proposed to manufacture items applied for, must submit with his application form a signed statement from each person who owns or controls the facilities on which the items are to be produced. This statement must contain the following information:

(i) Each operation to be performed for the applicant.

(ii) The maximum quantity of each item applied for which he has agreed to produce for the applicant.

(iii) That he in fact owns the facilities or controls them under a rental or lease contract.

(6) A veteran should submit with his application a certified or photostatic copy of his discharge papers or other written evidence of his military service.

(d) *Policy in granting priorities assistance.* Within the available supply of materials for which ratings may be assigned, the following policy will apply:

(1) Base period manufacturers will generally be granted priorities assistance in proportion to their base period production of an item. Where an applicant is eligible for military credit under para-

graph (c) (3), priorities assistance to him may be increased up to or above his base period production, in proportion to any additional facilities he acquired for the purpose of producing textile products for the military services. However, a manufacturer who qualifies under paragraph (d) (3) below may be granted priorities assistance for additional yardage to give him sufficient material to operate at a minimum economic rate.

(2) Applications from persons who are not base period manufacturers of an item will be denied, except where the applicant qualifies under paragraph (d) (3) below. Applicants (including Veterans) who do so qualify, may be given priorities assistance for sufficient material to enable them to operate at a minimum economic rate.

(3) To qualify under paragraph (d) (1) or (d) (2) above for priorities assistance to operate at a minimum economic rate, an applicant must meet both the following conditions:

(i) His total proposed production of all textile products (including items under M-328B programs) does not exceed an annual rate, based on sales, of \$250,000 and

(ii) The facilities with which the items will be produced are owned by the applicant, or are leased to him and the facilities are operated by the applicant and the employees are paid by him; provided that in any case the facilities were not used during any quarter beginning with the 4th quarter of 1945 more than 10% for the account of persons who supplied the applicant with materials.

(e) *Advance use of CC ratings for second quarter of 1946.* A manufacturer may apply a CC rating for the second quarter of 1946 before the Civilian Production Administration assigns him a CC rating for that quarter only under the following rules:

(1) A manufacturer who received an allocation for the first quarter of 1946 for an item which is also on the preference rating schedule for the second quarter of 1946 in Schedules C, F, J or K, may immediately apply a CC rating for fabrics specified for that item under the following rules:

(i) He must file his application on Form CPA-3732 for that item by April 23, 1946.

(ii) He must not use this advance CC rating for more than 70% of the yardage of body fabric he was authorized under Directions 9 or 10 to M-328B to receive on CC rated orders in the first quarter of 1946 for an item on Schedule C, J or K. For an item on Schedule F he may not use this advance CC rating for more than 70% of the yardage for which he was assigned CC ratings on Form CPA-3732.

(iii) In placing orders under this advance authorization, a manufacturer must show on Form CPA-4412 (which he must file in accordance with paragraph (g) below) the case number which he was assigned for the first quarter of 1946, unless otherwise directed in writing by the Civilian Production Administration.

(2) A base period manufacturer who did not receive an allocation for the first quarter of 1946 for an item may apply a CC rating for the purchase of fabrics in the second quarter of 1946 for that item as soon as the Civilian Production Administration assigns him a case number in writing after receipt of his application on Form CPA-3732 for that item. He may apply this advance CC rating only for fabrics for which he makes application. He may not use this rating for a total yardage of fabrics of more than 50% of the total yardage of fabric he used in making that item in the base period. He must apply this advance CC rating to each fabric in the proportion that the yardage of that fabric applied for bears to the total yardage applied for.

(3) Fabrics purchased on an advance authorization under paragraphs (e) (1) or (e) (2) above shall be deducted by the manufacturer from the total quantity for which priorities assistance is granted pursuant to his application on Form CPA-3732. If the applicant does not receive a grant for the entire quantity thus rated, he shall upon notification of his grant by the Civilian Production Administration immediately unrate or cancel orders for any undelivered quantities which are in excess of his grant.

(f) *Rules applicable to manufacturers granted priorities assistance.* (1) A manufacturer who is assigned a preference rating under a schedule of this order may use that rating only to get the fabrics specified and may not use the fabrics for any purpose except to make the item for which the rating was assigned.

(2) All persons receiving priorities assistance for any quarter under a schedule of this order must as far as practicable complete in that quarter all the items for which assistance was given. A manufacturer may, however, use valid CC ratings to get in the second quarter of 1946 any undelivered cotton, rayon, or wool fabric for which he was assigned a CC rating under this order and for which he was unable to get delivery in the first quarter of 1946.

(3) All items produced from material obtained with a rating assigned under a special program shall meet the same basic specifications, including standards of quality and workmanship, used by the applicant during the base period in producing such items for sale at the same prices, taking into account any subse-

quent adjustments by the Office of Price Administration.

(4) No manufacturer who uses a rating assigned under a schedule of this order may accept delivery of any finished material which is suitable for an item for which priorities assistance has been granted whether rated or unrated if together with material on hand it will give him more than the smaller of the following:

(i) A practicable minimum working inventory, or

(ii) The quantity required by him during the next 45 days on the basis of his current or scheduled rate of production. Such material on hand includes material wherever located if title has passed to the manufacturer except material in transit to him from his supplier.

No manufacturer who uses a rating assigned under a schedule of this order may make an item if his inventory of the item in the form in which he sells it is or will be more than a practicable minimum working inventory or the quantity which he produced during the previous 21 working days, whichever is less.

(5) Items produced from material procured with priorities assistance shall, to the extent called for by the customers' orders, be made in the same size ranges and in the same proportion of size ranges and assortment of sizes as the manufacturer produced in the base period. If he did not produce the item in the base period, he must comply with the size ranges and assortments of sizes which the Civilian Production Administration may specify for the particular item.

(6) Every manufacturer who is entitled to use a CC rating under this order to get fabric in any quarter must apply this rating to orders already placed before he places any additional rated orders for that fabric. If he is unable to use all his CC ratings on outstanding orders he must place rated orders for the balance before he places any unrated orders for that fabric.

(7) Whenever a Preference Rating Schedule is deleted, fabric obtained with CC ratings to make an item on that schedule must be used to make the item as shown on the Preference Rating Schedule before it was deleted.

(g) *Application and extension of preference ratings.* The preference ratings assigned under this order shall be applied and extended in accordance with the provisions of Priorities Regulation No. 3 but subject to the limitations stated below:

(1) No person may use, apply or extend any CC rating, or accept any CC rated order, if he knows or has reason to believe the rating was assigned under Order M-328B unless the purchase order is accompanied by Form CPA-4382 or Form CPA-4412 (Rating Extension Form). In executing this form a manufacturer certifies as follows:

The undersigned purchaser hereby represents to the seller and to the Civilian Production Administration, subject to the criminal

penalties of section 35 (A) of the U. S. Criminal Code, that he is entitled to apply the CC preference rating indicated opposite items shown on the attached purchase order for the yardage specified above; and that such application is in accordance with Priorities Regulation 3 as amended, with the terms of which he is familiar; that the total of all textiles ordered by him under the above number does not exceed his assigned quota under M-328B; (that he has applied CC ratings to all his unfilled orders for this fabric); and that the textiles will be incorporated into an item for which authorization is given.

(2) A supplier of fabric who does not extend the rating must complete Form CPA-4382 or Form CPA-4412 in accordance with its instructions and forward one copy immediately to the Textile Division, Civilian Production Administration, Washington 25, D. C.

(3) [Deleted Apr. 3, 1946.]

(h) *Set-asides and certificates.* (1) Some of the schedules of this order have set-asides which apply to producers and suppliers of fabric. These set-asides are of two kinds, one for orders rated CC under this order or for orders certifying the fabrics will be used in a program under this order, and one for piece goods for over-the-counter sale at retail. Every producer and supplier of fabrics subject to these set-asides must deliver his fabrics in accordance with the provisions of the applicable schedule to persons who furnish the rating or certificate specified, even though he may have higher rated orders for other purposes.

(2) Any producer accepting an order accompanied by a certificate on Form CPA-4381, CPA-4382, CPA-4412 or CPA-4413 (for M-328B programs) or Form CPA-4380 or CPA-4414 (for over-the-counter sales as piece goods) must fill out a copy of that form in accordance with its instructions and send it to the Textile Division, Civilian Production Administration, Washington 25, D. C.

(3) Each producer of fabric who is required by a schedule of this order to set aside fabrics shall file a report on Form CPA-658B (for cotton), CPA-658C (for cotton and rayon), or CPA-1420 (for wool), in accordance with its instructions. The yardage reported on that Form as the calculated set-aside shall be deemed the yardage he is required to set-aside under the applicable schedule of this order unless otherwise directed by the Civilian Production Administration.

(4) No finished goods supplier may sell from his set-aside obligation for over-the-counter sales as piece goods to any one person who certifies that he will sell fabric as piece goods on over-the-counter retail sales more yardage of any fabric than 10% of the total yardage of his set-aside obligation of that fabric for these sales.

(5) After a producer has accepted any order accompanied by Form CPA-4381 or CPA 4380, or for the second quarter of

1946, Form CPA-4413 or CPA-4414 he may schedule it for delivery as if it bore a CC rating, and charge it against his set-aside.

(6) No person may deliver or accept any fabric on an order accompanied by a Form or certificate prescribed by this order or its schedules if he knows or has reason to believe that the fabric will not be used for the purpose specified on the Form or certificate.

(7) Suppliers of fabric may apply to the Textile Division, Civilian Production Administration, Washington 25, D. C., on Form CPA-4351 for relief from the set-aside requirements for fabrics if:

(i) A fabric which they are required to set-aside is unsuitable because of construction or price for the purpose for which it is set aside, or

(ii) If its inclusion in the set-aside would work an unreasonable hardship on manufacturers of an item not included in a schedule of Order M-328B.

Applications for such exemption must be filed not later than April 25, 1946 for exemptions from the set-aside for the second quarter of 1946. Whenever an application is made to exempt a fabric because of its unsuitability for any item in the program a small sample of each type and construction bearing the OPA ceiling price must be attached to the application form. When permission for a change in the yardage to be delivered under a set-aside is given to a person who has purchased material on a certification, the Civilian Production Administration may notify the person who filled the certified order of the exemption and direct him to reinstate the exempted yardage in his set-aside.

(8) Each producer of fabric who is required to set aside fabrics under the provisions of a schedule of this order shall, to the extent orders chargeable to the set-aside are offered, accept them by April 30, 1946. To the extent that customers' orders permit, supplies of grey fabric and finished fabric shall schedule and make deliveries so that at least two-thirds of the quantity to be delivered during any quarter on M-328B CC rated orders and certificates (including piece goods certificates) will be delivered by the end of the second month of the quarter.

(9) Whenever a Fabric Set-aside Table is deleted, each producer of fabric who is required to set aside fabrics under that table must comply with the provisions of this order and its schedules and the provisions of the Fabric Set-aside Table as shown before it was deleted.

(10) At the end of each month a producer of fabric (or his selling agent acting in his behalf) who, during that month, has accepted certified retailers' orders for such fabric for ultimate sale as piece goods, for delivery during the second quarter of 1946, must report such

orders by letter to the Civilian Production Administration, Washington 25, D. C. Attention: Textile Division, Ref. M-328B, not later than the 10th of the following month. The total yardage accepted during the month must be reported separately for each fabric listed on the fabric set-aside tables.

(i) *Equitable distribution by manufacturers.* All items made with material obtained with a preference rating assigned under this order or a certificate specified in a schedule of this order must be distributed without regard to any preference ratings and each manufacturer must distribute his production of the item (including any production of the same item which he may have made without rating) as follows:

(1) Up to 90 percent of sales of each item in each calendar quarter must be made to customers who purchased that item or any other textile product for civilian sale, from the manufacturer during the base period, to the extent that orders are received from such customers. However, the manufacturer need not sell any customer an amount which will be a greater percentage of the manufacturer's total sales for the period than the percentage of the manufacturer's total sales which were made to the same customer in the calendar year which includes the base period.

(2) As between such customers, each customer shall be entitled to a dollar share of the sales referred to in (1) above up to the percentage which the customer's total purchases from the manufacturer in the base period was of the manufacturer's total sales in that quarter.

(3) Any manufacturer may base his distribution under this paragraph on his style seasons instead of calendar quarters, but must treat all customers on the same basis. A manufacturer shall not be required to sell smaller than commercial quantities. The manufacturer may not discriminate against any of his customers in notifying the trade that he has the items available for sale or in making deliveries or allocating his production. If the manufacturer was not, in the base period, in the business of manufacturing an item for which a preference rating is assigned under this order, he shall not sell to any one purchaser more than 10 percent of his total production of any item he produces with a rating (including any part of his production of the same item which he may have made without the rating). Purchasers who are subject to common control shall be deemed one purchaser. Further specific directions may be issued as to the distribution of items.

(4) [Deleted Jan. 3, 1946]

(j) *Records and reports.* (1) Each person who uses a preference rating assigned under this order shall maintain at his regular place of business, accurate records of the quantities of material for which he is authorized under this order to apply preference ratings, the quantities ordered with the use of such ratings, the quantities received and the quantities put into process. He shall also maintain records of the quantities of each item manufactured from the material

² The words in parenthesis shall merely be deemed a statement that he has complied with paragraph (f) (6) above.

obtained with the rating. All these records shall be preserved for a period of not less than two years and shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Civilian Production Administration.

(2) The reporting and application requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subject to the approval of the Bureau of the Budget under this act, all persons affected by this order shall execute and file with the Civilian Production Administration such other reports as the Civilian Production Administration shall from time to time require.

(k) *Applicability of regulations.* Except as otherwise provided in this order, this order and all transactions affected thereby are subject to all applicable regulations of the Civilian Production Administration as amended from time to time.

(l) *Appeals.* Any person who considers that compliance with any restriction of this order or its schedules, would work an exceptional and unreasonable hardship, may appeal for relief. The appeal shall be made by filing a letter in triplicate with the Textile Division, Civilian Production Administration, Washington 25, D. C., referring to the particular provision appealed from, and stating fully the grounds of the appeal.

(m) *Violations.* Any person who willfully violates any provisions of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priority assistance.

(n) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: Textile Division, Civilian Production Administration, Washington 25, D. C., Reference M-328B.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Order M-328B; Interpretation 1, as Amended
Apr. 3, 1946]

ACCEPTANCE AND FILLING OF RATED ORDERS, AND COMPLETION AND DELIVERIES OF APPAREL

The following amended interpretation is issued with respect to M-328B:

(a) *Purpose.* This interpretation calls particular attention to certain rules concerning the acceptance and filling of rated orders, and their application to orders for

textiles assigned CC preference ratings under several schedules to Order M-328B; and also to certain rules requiring apparel manufacturers to complete their operations as rapidly as practicable.

To insure the success of the low price civilian apparel programs provided by the schedules, these rules must be observed. Any person who wilfully violates them, or who, in connection with the rules, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is subject to administrative action and the penalties referred to in § 944.18 of Priorities Regulation 1 and paragraph (m) of Order M-328B.

Any supplier who has inadvertently failed to comply with these and other applicable Civilian Production Administration rules should immediately take any steps necessary to make his operations conform to them.

(b) *Compulsory acceptance of rated orders.* The rules concerning compulsory acceptance of rated orders (that is, orders carrying an AAA, MM, or CC preference rating) are stated in § 944.2 of Priorities Regulation 1. It must be noted that a rated order which meets the supplier's regularly established prices and terms of sale or payment may not be rejected merely because he would prefer to hold back his goods from sale until a later date when he may hope that tax laws, his OPA ceiling prices, or other factors will change so as to enable him to make a larger profit.

(c) *Offering of goods.* A supplier may not evade the acceptance and filling of rated orders by withholding his production or offerings of low cost goods suitable for low cost apparel.

In addition, when a person who has a rating asks a supplier of textiles to quote his regularly established prices and terms of sale or payment, or the earliest date on which he could make delivery on that rating, the supplier must do so; he may refuse to quote only if he would have the right under the applicable rules, to reject the rated orders and also knows that he will do so if he receives it.

(d) *Rated orders must be given priority over unrated ones.* A rated order must be accepted and filled regardless of existing contracts and orders, in accordance with the rules in § 944.2 of Priorities Regulation 1. For example, if a supplier has accepted an unrated order for fabric and has a rated order served upon him, he may not reject the rated order merely because filling it would require him to use some or all of the fabric which he planned to use to fill the unrated order.

(e) *Customer's required delivery date must be met, if possible.* A supplier must schedule his operations, if possible, so as to fill each rated order by the required delivery or performance date, as explained in § 944.7 of Priorities Regulation 1. He must also accept orders and schedule and make deliveries in accordance with paragraph (h) (8) of M-328B. If he cannot fill all rated and unrated orders, he must give preference to the rated ones.

(f) *Operations of apparel manufacturers; inventories of manufacturers, mills, converters, and other suppliers.* The attention of apparel manufacturers using ratings under M-328B Schedules is particularly called to the production preference and inventory rules in paragraphs (f) (2) and (f) (4) of M-328B, and in Priorities Regulation 32. A manufacturer of items within the programs provided for by these schedules must purchase materials for these programs for delivery before materials to be used for items not within the programs, to the full extent necessary to comply with the rule in (f) (2) of M-328B; and must complete the items within the programs in accordance with that rule, even if this results in postponing or delaying produc-

tion of items not within the programs. A delay in processing material or in making deliveries of completed apparel may involve a violation of Priorities Regulation 32 and of paragraph (f) (4) of M-328B prohibiting the receipt or accumulation of excessive inventories. Priorities Regulation 32 applies equally to suppliers of gray or finished fabrics and manufacturers of apparel not within these programs.

(g) *Other rules.* All of the rules concerning the acceptance and filling of rated orders and the accumulation of excessive inventories, are, of course, not referred to above, and reference must be made to the Priorities Regulations, orders in the M-328 series, and other orders such as L-99, and M-317. The rules specifically referred to are those to which attention is particularly called at this time, in view of their important current application to orders rated CC under the M-328B programs. Some of these rules are qualified to the extent that a special rule, such as those in Schedule C, J, or K of Order M-328B, may permit a supplier to reject rated orders in excess of a specified quantity of his receipts or production.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328B, Schedule F,
as Amended, Apr. 3, 1946]

SPECIAL PROGRAM FOR WORK GLOVES

§ 3290.120f *Schedule F to Order M-328B*—(a) *Explanation.* This schedule states the special rules in addition to those set forth in Order M-328B for manufacturers of work gloves to get preference ratings for fabric to make the items listed in this schedule.

(b) *Definitions.* For the purpose of this schedule:

(1) "Work gloves" means any gloves or mittens of the types and meeting the specifications listed in Schedules A and B of Order M-375 and designed for wear by men, women or children while engaged in their occupations, and customarily sold as work gloves.

NOTE: Paragraphs (e), (d), and (e), formerly (e), (f) and (g), redesignated, Apr. 3, 1946. Former paragraphs (b) (2), (c) and (d) deleted Apr. 3, 1946.

(c) *Special rule for components.* A work glove manufacturer who manufactures his own cuffing materials may apply for the basic fabrics. Such applications must show that the materials applied for will be used by the applicant in the manufacture of his own components and that such components are not sold as such, but are used as components on gloves of his own manufacture. Manufacturers not producing their own cuffing materials and components must show in the Remarks Section of Form CPA-3732 the quantity of basic fabrics which will be required to manufacture the cuffs which they will need to purchase, together with a statement of the suppliers from whom he expects to purchase such cuffs. Persons producing cuffing materials and components for

manufacturers of work gloves under this schedule who need priorities assistance to obtain the fabrics for such cuffing materials and components are governed by the provisions of Priorities Regulation 28A.

(d) *Style provisions for base period manufacturers.* Base period manufacturers who are granted ratings under this schedule must make (subject to Order M-375) each style of work glove that they made in the base period under the following rule: The production of each style of each item made in any quarter must not vary more or less than 10 percent from the proportion of that style of work glove to the total quantity of all styles of work gloves made in the base period. This rule does not

apply to hot mill and 2-thumb husking gloves and mittens, which may be made to the full extent of a manufacturer's capacity. These styles should also be excluded in making the computations stated above for other styles.

(e) *Special inventory rule.* Manufacturers who use ratings assigned under this schedule are subject to the inventory provisions of paragraph (f) (4) of Order M-328B except that a 60-day inventory limit applies instead of a 45-day one.

Issued this 3d day of April 1946.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328B, Schedule K,
as Amended Apr. 3, 1946]

SPECIAL PROGRAM FOR WOOL CIVILIAN ITEMS

§ 3290.120k *Schedule K to Order M-328B*—(a) *Explanation.* This schedule states the special rules in addition to those set forth in M-328B for manufacturers of civilian items manufactured from wool fabric to get preference ratings for wool fabric and for rayon and cotton component fabrics to make the items listed in this schedule. It also establishes set-asides for certain wool fabrics for these items.

(b) *Definitions.* For the purpose of this schedule:

(1) "Fabric" unless otherwise designated, means a woven or knitted fabric 12 inches or more in width.

(2) "Wool fabric" means any fabric incorporating 25% or more by weight of new, re-processed or re-used wool fiber except upholstery pile fabrics and floor coverings and blankets and felt. The term includes woolen and worsted fabrics.

(3) "Wool item" means an item of which 50% or more of the fabric yardage incorporated in it, exclusive of linings, bindings and trimmings, is made of woolen or worsted fabrics.

(4) "Tailor-to-the-trade" means a manufacturer who makes items to the individual measurements of the ultimate consumer, and who sells them to a distributor at a wholesale price.

(c) [Deleted Jan. 3, 1946.]

(d) *General provisions.* (1) Preference ratings assigned under this schedule may be used only to get wool fabrics listed on a Fabric Set-Aside Table to make the wool items specified in the preference rating schedule.

(2) The fabrics must be incorporated into an item produced for sale by the manufacturer at or below the lower of the following two prices:

(i) The price at which the manufacturer is permitted to sell the item under regulations of the Office of Price Administration.

(ii) The price specified in the maximum price column.

(3) [Deleted Apr. 3, 1946.]

(4) A manufacturer who did not manufacture an item on the base period must state his proposed production by size assortment per dozen in the "Remarks" section of Form CPA-3732. If his application is granted, he must comply with these size assortments.

(5) Priorities assistance will be given for the procurement of rayon and cotton broad woven fabrics for linings, facings, bindings, stays, pockets and other components made of broad woven fabric for incorporation into the number of units for which priorities assistance is granted. Requests for this assistance shall be made on Form CPA-3732 in accordance with the instructions applicable to filling out that form. Manufacturers who are authorized to apply a CC rating to get wool fabrics for items under this sched-

ule may immediately apply a CC rating to get the above components for those items, under the following rules. Applications for CC ratings for the second quarter of 1946 must include these components and must be filed by April 23, 1946. This advance CC rating may only be used to get the yardage of component fabrics needed to produce the number of units of the item which can be made from the yardage of body fabric for which the manufacturer is entitled to use CC ratings assigned under M-328B. In placing CC rated orders for component fabric under this paragraph (d) (5) for delivery in the second quarter of 1946, manufacturers must file Form CPA-4412 with their purchase orders. Component fabrics purchased under this advance authorization, shall be deducted by the manufacturer from the total quantity for which priorities assistance for component fabrics is granted on Form CPA-3732. If the applicant does not receive a grant for the entire quantity thus rated he shall upon notification of his grant by the Civilian Production Administration immediately unrate or cancel orders for any undelivered quantities which are in excess of his grant.

(6) Producers of wool woven fabric shall file Form CPA-1420 by April 10, 1946. Producers of wool knitted fabric need not file Form CPA-1420 but must report to the Textile Division, Civilian Production Administration, Washington 25, D. C. by letter on or before April 10, 1946. This letter must state the yardage of each fabric listed on Fabric Set-aside Table No. II required to be set-aside to fill rated or certified orders under the provisions of paragraph (e) (1) below.

(7) [Deleted Apr. 3, 1946.]

(e) *Set-asides of wool fabrics to fill rated or certified orders.* (1) Every producer of wool fabric listed in a Fabric Set-aside Table, whether he sells it or uses it to manufacture civilian items, shall set aside during the quarter stated, for ultimate delivery on M-328B CC rated orders, a yardage of that fabric equal to at least the percentage shown in Column IV of the yardage he produced during the preceding quarter or of his estimated production in that quarter, whichever is greater. Any producer who does not deliver the full yardages required during the applicable quarter must deliver in the next quarter a yardage of wool fabric equal to the undelivered yardage, in addition to the yardage which he is required to deliver in that next quarter. No fabrics sold at more than the price specified in Column III may be charged to this set-aside.

(2) Only orders accompanied by Form CPA-4381 or Form CPA-4382 may be charged to the set-aside in Column IV of Fabric Set-aside Table No. I or by Form CPA-4413 or Form CPA-4412 to the set-aside in Column IV of Fabric Set-aside Table No. II. No producer need deliver or use to fill these orders (i) any wool fabric not listed on a Fabric Set-Aside Table; (ii) more of any fabric listed on a Fabric Set-Aside Table than his set-aside for that fabric.

(3) When a producer has accepted orders accompanied by the applicable CPA forms to the extent of a set-aside for any fabric he may not require any customer to furnish any of these forms as a condition of filling additional orders for that fabric.

(4) Any person giving a certificate under this schedule, including the certificates on the applicable CPA forms, must use or dispose of fabric he gets with that certificate in accordance with its terms.

(f) *Deliveries by wool jobbers to fill rated orders.* (1) Every wool jobber making the certification on Form CPA-4381 for the first quarter of 1946, or on Form CPA-4413 for the second quarter of 1946 must if possible deliver during the applicable quarter wool fabric of the type covered by his order in a yardage at least equal to the yardage which he orders for delivery in that quarter on orders bearing that certificate. A wool jobber who does not deliver the full yardages required during the applicable quarter must deliver in the next quarter a yardage of wool fabric equal to the undelivered yardage, in addition to the yardage which he is required to deliver in that next quarter. In the first twenty calendar days of that next quarter he must give preference, to the extent of this undelivered yardage for M-328B ratings, to orders bearing CC ratings assigned under the program for the previous quarter over orders rated CC for the then current quarter's program. For example, from April 1 to April 20, 1946, inclusive, orders bearing valid first quarter 1946 CC ratings assigned under M-328B must be filled, from such undelivered first quarter yardage, in preference to orders bearing second quarter ratings.

(2) No wool jobber is required to accept or fill M-328B CC rated orders for a greater yardage of any type of wool fabric listed on a Fabric Set-aside Table for delivery in the applicable quarter than a yardage equal to all wool fabric of that type which he orders for delivery during that period on orders bearing the certificate on Form CPA-4381 or on Form CPA-4413.

(3) Any wool jobber who does not use the certification in Form CPA-4381 or Form CPA-4413 for a fabric must accept M-328B CC rated orders for that fabric in accordance with the provisions of Priorities Regulation No. 1. After a wool jobber uses Form CPA-4381 or Form CPA-4413 on any of his purchase orders for a fabric he must not extend to any supplier on orders for that fabric for delivery in the applicable quarter any CC ratings which he knows or has reason to believe were assigned under Order M-328B.

(4) A wool jobber may not use the certification on Form CPA-4381 to order for delivery in the first quarter of 1946 a yardage of wool fabric of any type listed on the Fabric Set-aside Table greater than 85% of the yardage of that type of fabric delivered to him in the fourth quarter of 1945. A wool jobber may not use the certification on Form CPA-4413

to order for delivery in the second quarter of 1946 a yardage of wool fabric of any type listed on Fabric Set-aside Table No. II greater than the yardage of that fabric ordered by him on Form CPA-4381 in the first quarter of 1946.

(g) [Deleted Apr. 3, 1946.]

(h) *Acceptance of rated orders—*(1) If a supplier of wool fabric receives orders bearing CC ratings (assigned under this schedule) calling for delivery during the second quarter of 1946, he may hold them until April 15, 1946, before determining whether he is required to accept them. However, he must not actually reject any such CC rated orders for any fabric until such time as he has accepted CC rated orders for the yardage of that fabric he is required to set-aside.

(2) [Deleted Mar. 12, 1946]

(i) *Special provisions for tailors-to-the-trade.* The Civilian Production Administration will grant priorities assistance to manufacturers who are tailors-to-the-trade to get wool fabrics listed under Reference Nos. 2 and 2a on Fabric Set-Aside Table No. I and Reference No. 2 on Fabric Set-Aside Table No. II to make Item No. 1a on Preference Rating Schedule No. 2.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-328B, Schedule J, as Amended Apr. 3, 1946]

SPECIAL PROGRAM FOR RAYON CIVILIAN ITEMS

§ 3290.120j *Schedule J to Order M-328B—(a) Explanation.* This schedule states the special rules in addition to those set forth in Order M-328B for manufacturers of civilian items manufactured from rayon fabric to get preference ratings for rayon fabric for delivery beginning in the fourth quarter of 1945 to make the items listed in this schedule. It also establishes set-asides for rayon fabrics other than marquisettes for these items and for over-the-counter sale as piece goods.

(b) *Definitions.* For the purpose of this schedule:

(1) "Fabric," unless otherwise designated, means a woven fabric 12 inches or more in width.

(2) "Rayon fabric" means any fabric containing less than 25% wool by weight but of which the remaining fibers are more than 50% of synthetic fiber (staple or continuous filament) by weight. For example, a fabric containing 20% wool, 41% rayon, and 39% cotton is rayon.

(3) "Rayon item" means an item of which more than 50% of the fabric yardage incorporated in it, exclusive of linings, bindings and trimmings, is made of rayon fabric.

(c) *General provisions.* (1) Preference ratings assigned under this schedule may be used only to get rayon fabrics to make the rayon items specified in the preference rating schedule.

(2) The fabrics must be incorporated into an item produced for sale by the manufacturer at or below the lower of the following two prices:

(i) The price at which the manufacturer is permitted to sell the item under regulations of the Office of Price Administration; or

(ii) The price specified in the Maximum Price Column.

(3) [Deleted Apr. 3, 1946.]

(4) A manufacturer who did not manufacture an item in the base period must state his proposed production by size assortment per dozen in the "Remarks" section of Form CPA-3732. If his application is granted, he must comply with these size assortments.

(d) *Set-asides of rayon fabrics to fill rated or certified orders.* (1) Every producer of rayon fabric listed in a Fabric Set-aside Table whether he sells it in the grey or in the finished state or uses it to manufacture civilian items shall set aside during the quarter stated for the purpose shown in Columns III and IV yardages of that fabric equal to at least the percentage shown of the yardage he produced during the preceding quarter or of his estimated production in that quarter, whichever is greater. Any producer who does not deliver the full yardages required during the applicable quarter must deliver in the next quarter a yardage of rayon fabric equal to the undelivered yardage, in addition to the yardage which he is required to deliver in that next quarter.

(2) *Set-asides for civilian apparel.* Only orders accompanied by Form CPA-4381 or Form CPA-4382 may be charged to the set-aside in Column III of Fabric Set-aside Table No. I or by Form CPA-4413 or Form CPA-4412, to the set-aside in Column III of Fabric Set-aside Table No. II. No producer need deliver or use to fill these orders more rayon fabric than his set-aside for that fabric.

(3) *Set-asides for piece goods for over-the-counter sale.* Only orders accompanied by Form CPA-4380 (for Fabric Set-aside Table No. I) or Form CPA-4414 (for Fabric Set-aside Table No. II) or the following certificate may be charged to the set-aside in column IV:

The undersigned certifies subject to the criminal penalties of section 35 (A) of the U. S. Criminal Code that in the _____ quarter of 1946 (insert applicable quarter) he will deliver at retail as over-the-counter piece goods at not more than \$1.25 a yard or his OPA ceiling price, whichever is lower, a yardage of rayon fabric at least equal to the yardage he orders for delivery in that quarter on orders bearing this certificate.

In addition the certificate must contain one of the following sentences:

He will not place orders bearing this certificate calling for delivery in this quarter of a total of more than 300 yards of rayon fabric.

or;

He will not place orders bearing this certificate calling for delivery in this quarter of a total of more rayon fabric than 50% of the yardage he purchased for over-the-counter piece goods sale in the first quarter of 1943 (or 1944).

or (for the second quarter of 1946 only);

He will not place orders bearing this certificate calling for delivery in this quarter of a total of more rayon fabric than the greatest yardage he purchased for over-the-counter piece goods sales in any quarter of 1945.

(4) When a producer has accepted orders accompanied by the applicable CPA forms to the extent of a set-aside for rayon fabric he may not require any customer to furnish any of these forms

as a condition of filling additional orders for that fabric.

(5) Any person giving a certificate under this schedule, including the certificate set forth in paragraph (d) (3) above and the certificates on the applicable CPA forms must use or dispose of fabric he gets with that certificate in accordance with its terms.

(e) *Deliveries by finished goods suppliers to fill rated or certified orders.* (1) Every supplier of finished rayon fabric making the certification on Form CPA-4381 or CPA-4413 must, if possible, deliver during the applicable quarter on M-328B CC rated orders finished rayon fabric of the type covered by his purchase order in a yardage at least equal to the yardage which he orders for delivery in that quarter on orders accompanied by Form CPA-4381 or CPA-4413. Every supplier of finished rayon fabric making the certification on Form CPA-4380 or Form CPA-4414 must, if possible deliver during the applicable quarter to persons who furnish the certificate set forth in paragraph (d) (3) above, or to persons who certify that they will sell only on orders bearing that certificate, finished rayon fabric of the type covered by his purchase order in a yardage at least equal to the yardage which he orders for delivery in that quarter on orders accompanied by Form CPA-4380 or Form CPA-4414. In calculating the yardage of a particular fabric which he is required to deliver, the supplier of finished fabric may take into consideration actual processing loss in finishing the fabric. Any supplier who does not deliver the full yardage required during the applicable quarter must deliver in the next quarter a yardage of finished rayon fabric equal to the undelivered yardage, in addition to the yardage which he is required to deliver in that next quarter. In the first twenty calendar days of that next quarter he must give preference, to the extent of this undelivered yardage for M-328B ratings, to orders bearing CC ratings assigned under the program for the previous quarter over orders rated CC for the then current quarter's program. For example, from April 1 to April 20, 1946, inclusive, orders bearing valid first quarter 1946 CC ratings assigned under M-328B must be filled, from such undelivered first quarter yardage, in preference to orders bearing second quarter ratings.

(2) No supplier of finished rayon fabric is required to accept or fill M-328B CC rated or over-the-counter piece goods certified orders for a greater yardage of any type of finished rayon fabric listed on a Fabric Set-aside Table than the yardage he is required to deliver on those orders under paragraph (e) (1) above.

(3) Any supplier of finished fabric who does not use the certification in Forms CPA-4381 or CPA-4413 for rayon fabric must accept M-328B CC rated orders for that fabric in accordance with the provisions of Priorities Regulation No. 1. After a supplier of finished fabric uses Form CPA-4381 or Form CPA-4413 on any of his purchase orders for rayon fabric he must not extend to any supplier

on orders for that fabric for delivery in the applicable quarter any CC ratings which he knows or has reason to believe were assigned under Order M-328B.

(4) Any finished goods supplier granted an authorization by the Civilian Production Administration under paragraph (i) of this schedule as amended January 18, 1946, may sell the yardage exempted by that authorization only to persons who give the following certification:

The undersigned certifies to the seller and to the Civilian Production Administration, subject to the criminal penalties of section 35(a) of the United States Criminal Code, that he will use the material covered by this purchase order only as linings for garments, or will deliver it only to persons who give this certificate.

Issued this 3d day of April 1946.

PART 3293—CHEMICALS

[Limitation Order L-354]

LEAD CHEMICALS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of lead and lead chemicals, both imported and domestic, for defense, for private account and for export; and the following order is deemed necessary and appropriate to the

public interest and to promote the national defense:

§ 3293.657 Limitation Order L-354—

(a) *Definitions.* For the purposes of this order:

(1) "Lead" means metallic lead or the lead content of the lead chemicals defined below in paragraphs (a) (2) through (a) (22) of this order.

(2) "Metallic lead" means the metal having the symbol pb.

(3) "Lead acetate" means the lead chemical or compound having the approximate chemical formula $Pb(C_2H_3O_2)_2$ or $Pb(OH)_2$ (Basic acetate) or $Pb(C_2H_3O_2)_2 \cdot 3H_2O$ (Normal acetate).

(4) "Lead antimonate" means that lead chemical or compound having the approximate chemical formula $Pb_2(SbO_4)_3$.

(5) "Lead dioxide" means that lead chemical or compound having the approximate chemical formula PbO_2 .

(6) "Lead chloride" means that lead chemical or compound having the approximate chemical formula $PbCl_2$.

(7) "Lead nitrate" means that lead chemical or compound having the approximate chemical formula $Pb(NO_3)_2$.

(8) "Lead silicate (Mono)" means that lead chemical or compound having the approximate chemical formula $PbO \cdot SiO_2$.

(9) "Lead silicate (di)" means that lead chemical or compound having the approximate chemical formula $PbO \cdot 2SiO_2$.

(10) "Litharge" means that lead chemical or compound having the approximate chemical formula PbO except "litharge" produced for use in batteries, lead arsenate and lead arsenite.

(11) "Red lead" means that lead chemical or compound having the approximate chemical formula Pb_3O_4 except "Red lead" produced for use in batteries, lead arsenate and lead arsenite.

(12) "White lead" means either basic carbonate of white lead or basic sulphate of white lead as defined in this order.

(13) "Basic carbonate of white lead" means that lead chemical or compound having the approximate chemical formula $2PbCO_3 \cdot Pb(OH)_2$.

(14) "Basic sulphate of white lead" means that lead chemical or compound having the approximate chemical formula $2PbSO_4 \cdot PbO$.

(15) "Lead chrome pigments" means chrome yellow, chrome orange, chrome green and molybdate chrome orange as defined below.

(16) "Chrome yellow" and "chrome orange" mean the pigments which are reaction precipitates consisting of normal or basic lead chromates or mixtures of these with or without other insoluble compounds of lead. Color Index 1270.¹

(17) "Chrome green" means the pigment consisting of a precipitated mixture of chrome yellow. Color index 1270¹—and iron blue. Color Index 1288.¹

(18) "Molybdate chrome orange" means a mixed crystal containing lead chromate, lead molybdate, and lead sulphate with or without other insoluble compounds of lead.

¹ Society of Dyers and Colourists "Colour Index", Bradford, Yorkshire, January, 1924. Lead chemicals:

(19) "Frit" means the fused or semi-fused mass used in the glazing of ceramic ware.

(20) "Sodium plumbite" means that lead chemical or compound having the approximate chemical formula Na_2PbO_2 .

(21) "Lead arsenate" means the lead chemical or compound produced for use as an agricultural insecticide and includes all arsenical lead salts.

(22) "Lead arsenite" means that lead chemical or compound having the approximate chemical formula $Pb(AsO_2)_2$.

(b) *Restrictions on production of lead chemicals.* No person shall put into process in any calendar quarter for the production of the lead chemicals specified in paragraphs (a) (3) through (a) (20) an aggregate quantity of lead in excess of 38½% of the aggregate quantity of lead he put into process for the production of these lead chemicals during the first six months of 1944, or 5,000 pounds, whichever is the greater.

(c) *Restrictions on production of insecticides.* No person shall put into process in any calendar quarter for production of insecticides an aggregate quantity of lead in excess of 45% aggregate quantity of lead he put into process for the production of insecticides during the first six months of 1944 or 1,000 pounds, whichever is greater.

(d) *Method of computing lead content of lead chemicals.* This order limits the amount of lead which a person may put into process in any calendar quarter for the production of certain products to a percentage of the lead which he put into process during the first six months of 1944. In order to determine this percentage of lead in lead chemicals, during the base period, the following table should be used:

Pounds of lead per 100 pounds of lead chemicals

Lead chemicals:	
Lead acetate (basic)	60
Lead acetate (normal)	55
Lead antimonate	63
Lead arsenate	60
Lead arsenite	50
Lead chloride	75
Lead dioxide	87
Lead nitrate	63
Lead silicate (mono)	80
Lead silicate (di)	61
Litharge	93
Red lead	91
Basic carbonate of white lead	80
Basic sulphate of white lead	75
Sodium plumbite	73

(e) *Inventory restrictions.* Lead chemicals appear in Table 1 of Priorities Regulation 32. Inventories of these chemicals are subject to all provisions of that regulation.

(f) *Applications for quotas for lead chemicals.* (1) Any person who does not have a quota for putting lead into process for the production of lead chemicals and who wishes to use more than 5,000 pounds of lead a quarter, may apply for a quota by filing a letter with the Civilian Production Administration, Chemicals Division, Washington 25, D. C. Ref: L-354. The letter should state in addition to any other pertinent information what lead chemicals the applicant wishes to make, what facilities he has for this purpose and the amount of lead he will need for this purpose per quarter.

A quota will be assigned to him on an equitable basis.

(2) *Applications for quotas for insecticides.* Any person who does not have a quota for putting lead into process for the production of insecticides and who wishes to use more than 1,000 pounds of lead a quarter may apply for a quota by filing a letter with the Civilian Production Administration. The letter should state the information indicated in paragraph (g) (1) above.

(g) *Miscellaneous provisions—(1) Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the Civilian Production Administration, as amended from time to time.

(2) *Appeals.* Any appeals from the provisions of this order shall be made by filing with the Civilian Production Administration, Chemicals Division, Washington 25, D. C.; Ref.: L-354, a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(3) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment.

(4) *Communications to Civilian Production Administration.* Communications concerning this order, shall, unless otherwise directed, be addressed to: Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref.: L-354.

Issued this 2d day of April 1946.

PART 3293—CHEMICALS [Limitation Order L-355]

ETHYL FLUID

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of lead and tetraethyl lead, both imported and domestic, for defense, for private account and for export; and the following order is deemed necessary and appropriate to the public interest and to promote the national defense:

§ 3293.662 *Limitation Order L-355—(a) Definitions.* For the purposes of this order:

(1) "Ethyl fluid" is a mixture of tetraethyl lead and other ingredients designed to raise the octane number of gasoline. It includes: (i) "Motor ethyl fluid" which is ethyl fluid containing organic chlorides and bromides designed for use in motor gasoline for land- and sea-going engines; and (ii) "Aviation ethyl fluid" which is ethyl fluid without organic chlorides designed for use in aviation gasoline.

(2) "Use" means to blend ethyl fluid with gasoline or any component of gaso-

line or with any other material that can be blended with gasoline.

(b) *Restrictions on delivery.* (1) No producer of ethyl fluid shall deliver to any person in any calendar month more than 27% of the aggregate quantity of ethyl fluid delivered to such person in the months of November, December, 1945 and January, 1946, except that when a person certifies to a producer that he used more ethyl fluid than the quantity he received in the base period, the producer may deliver to such person in any month a quantity not in excess of 27% of the quantity of ethyl fluid certified to have been used in the base period.

(2) No producer of ethyl fluid may export outside the United States, its territories or possessions, more ethyl fluid than 27% of the aggregate quantity exported in the months of November, December, 1945 and January, 1946 except on special authorization by the Civilian Production Administration.

(3) No person shall accept delivery of ethyl fluid at any one blending point if his inventory of ethyl fluid at that point is or will by virtue of such delivery become more than he needs in the succeeding 30 days on the basis of his current or scheduled rate of operations. Persons normally receiving deliveries of ethyl fluid by tank car or tank truck shall not maintain any inventory except in scale tanks for blending ethyl fluid with gasoline.

(4) Nothing in this paragraph shall prevent the delivery and receipt of a minimum tank car, tank wagon or drum carload by any person whose inventory of ethyl fluid is less than 30-days' supply.

(c) *Restrictions on use.* (1) No person shall in any month beginning with April, 1946 use more than 27 percent of the aggregate quantity of motor ethyl fluid which he used in the production of motor gasoline in the three months of November, December, 1945 and January, 1946.

(2) No person shall use aviation ethyl fluid in the production of motor gasoline or any component thereof, or use any gasoline component containing aviation ethyl fluid in the production of motor gasoline.

(3) No person shall use ethyl fluid to produce motor gasoline having higher than 80 octane (ASTM-D-357-45) for use in motor-propelled vehicles, trucks, tractors or boats or to produce aviation gasoline of 100 octane (A&N grade 100-130) or higher, except on special authorization from the Civilian Production Administration.

(d) *Exceptions.* Nothing in this order shall prevent the delivery, receipt and use for laboratory purposes of ethyl fluid in containers of one litre or less.

(e) *Newcomer's quota.* Any person who was not a user of ethyl fluid in November or December, 1945 or January, 1946 and who wishes to have a quota established for him to receive or use ethyl fluid in any calendar month, may apply by letter to the Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref.: L-355.

(f) *Miscellaneous provisions—(1) Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable regulations of the

Civilian Production Administration, as amended from time to time.

(2) *Appeals.* Any appeals from the provisions of this order shall be made by filing with the Civilian Production Administration, Chemical Division, Washington 25, D. C., Ref.: L-355, a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(3) *Violations.* A person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment.

(4) *Communications to Civilian Production Administration.* Communications concerning this order, shall, unless otherwise directed, be addressed to: Civilian Production Administration, Chemicals Division, Washington 25, D. C., Ref.: L-355.

Issued this 2d day of April 1946.

[MPR 149, Amdt. 26]

MECHANICAL RUBBER GOODS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

A new paragraph, designated (1) is added to § 1315.37, to read as follows:

(1) *Maximum prices for a manufacturer's sales of friction tape and splicing compound.* A manufacturer's maximum price for an item of friction tape or splicing compound shall be 110 percent of the selling price for it computed under subparagraph (1) or (2) (ii) of § 1315.21a (a).

If a manufacturer's maximum price for an item computed under one of the above subparagraphs of § 1315.21a (a) has been adjusted by an order issued under § 1315.30a (a) its maximum price

is the price set forth in the order or 110 percent of the price computed under subparagraph (1) or (2) (ii) of § 1315.21a (a), whichever is higher.

This amendment shall become effective April 8, 1946.

Issued this 3d day of April 1946.

PART 1349—ELECTRICAL GENERATION, TRANSMISSION, CONVERSION AND DISTRIBUTION APPARATUS

[MPR 82, Amdt. 2]

WIRE AND CABLE

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

MPR 82 is amended in the following respects:

1. The following paragraph (d) is added to section 16.

(d) *Rubber braid building wires.* (1) The maximum manufacturers' prices for the sale of rubber braid building wires shall be determined pursuant to the Schedule of Manufacturers' Prices set forth in Appendix E to this regulation, subject to any price differential in effect to any purchaser of the same class on the base date. The manufacturer shall apply to the prices listed in Appendix E all discounts (including the standard cash discounts) and other conditions of sale which the manufacturer had in effect on the base date.

(2) *Resellers.* The maximum prices for sales by resellers of any items described in paragraph (1) above shall be determined as follows: The reseller shall apply to the list prices which a manufacturer is authorized to use pursuant to paragraph (1) all allowances, discounts and other deductions that he had in effect prior to the issuance of this amendment.

(3) *Zone pricing.* The zones set forth in Appendix E are the standard geographical shipping zones uniformly recognized in the industry. Sellers of rubber braid building wires are required to maintain the zone pricing established in Appendix E. Zone adjustments that increase the net delivered prices of rubber braid building wire are not permitted.

2. The following Appendix E is added:

Permissible Extra Charges

Cutting charges. Charges, listed under column A for each zone, for cutting to length are to be applied as follows:

Where the total footage of building wire in each single shipment is less than 1,000 feet—price from column B and add column A cutting charge for each length other than 500 feet.

Where the total footage of building wire is more than 1,000 feet—price from column C and add column A cutting charge for each length other than 500 feet (or multiple of 500 feet).

The cutting charges as shown in column A are as follows:

No. 66—4

	Per cut
Sizes No. 14 to No. 10 inclusive— braided.....	\$0.35
Sizes No. 8 to No. 2 inclusive— braided.....	.70
Sizes No. 14 to No. 2 inclusive— leaded.....	.70
Sizes No. 1 to No. 4/0 inclusive.....	1.50
Sizes 250,000 CM to 500,000 CM in- clusive.....	2.75
Sizes 600,000 CM to 1,000,000 CM inclusive.....	4.00
Sizes over 1,000,000 CM.....	7.00

These cutting charges are 1st per cut and not per 1,000 feet.

Paralleling charges. Where wires and cables are ordered shipped in parallel lengths,

charges may be made for this method of packaging as follows:

	2 lengths parallel	3 lengths parallel	4 lengths parallel
Sizes up to No. 1, inclusive.....	Per reel \$1.50	Per reel \$2.00	Per reel \$2.75
1/0 to 500,000 CM, inclusive.....	4.75	7.00	9.50
600,000 CM to 1,000,000 CM.....	6.75	10.00	14.00

These paralleling charges are list.

Freight charges shall be prepaid on shipments of 100 pounds or over made from manufacturer's factory or warehouse to any railroad destination; the prices shall be those which prevail for zone at Point of delivery. If Buyer specifies a more expensive method of routing, all excess transportation charges may be billed to the Buyer.

On shipments of less than 100 pounds prices may be f. o. b. factory or warehouse, no freight allowance, and billing will be at prices applying to zone at point of shipment.

Express or parcel post shipments may be made at purchaser's request, f. o. b. point of shipment with no freight allowance.

For sizes not listed the price shall be that of next larger size.

Reels shall be paid for (Net, no cash discounts) and if returned in good condition within twelve (12) months freight collect, cheapest possible routing, in lots of 100 pounds or more wherever possible, to destination specified by Seller, full credit shall be allowed.

This amendment shall become effective April 8, 1946.

Issued this 3d day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Rev. SO 114, Amdt. 5]

ADJUSTABLE PRICING OF CERTAIN COTTON TEXTILES

A statement of the considerations involved in the issuance of this amendment issued simultaneously herewith has been filed with the Division of the Federal Register.

Revised Supplementary Order 114 is amended in the following respects:

1. Section 3 (b) is amended by adding the following undesignated sentence: "In certain cases where wholesalers and jobbers are required or permitted to base their maximum prices on a supplier's ceiling price, the supplier's price taken for this purpose must not be higher than the one he was finally permitted to charge for the last shipment he made to the wholesaler or jobber prior to the wholesaler's or jobber's delivery under the adjustable pricing provision."

2. Section 3 (f) is added to read as follows:

(f) The adjustable pricing permission of this order is revoked as to sales of textile commodities for the sales of which modified ceiling prices have been established since August 7, 1945 in section 2.7 of Supplementary Regulation 14E, and

¹ 10 F.R. 9875, 11296.

for the supplier's pricing of which, the adjustable pricing permission granted in this order has been revoked.

Item 1 of this amendment shall become effective as of August 7, 1945.

Item 2 of this amendment shall become effective as of March 8, 1946.

Issued this 3d day of April 1946.

PAUL A. PORTER,
Administrator.

PART 1499—COMMODITIES AND SERVICES
[2d Rev. SR 14, Amdt. 21]

MAHOGANY LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Second Revised Supplementary Regulation 14 to the General Maximum Price Regulation is amended, as follows:

In section 3.1 (a) a new subparagraph (4) is added to read as follows:

(4) If a seller who made sales of the grades of mahogany lumber listed in subparagraph (1) in the period March 1942 through August 1945 can not determine a maximum price under subparagraph (1) for an item of mahogany lumber of one of the grades listed in that subparagraph, the seller, making a sale of such item (referred to below as special item), shall apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C. for approval of a maximum price. In his application, the seller shall show the maximum price which he can establish under subparagraph (1) above of the item most nearly comparable to the special item and also the price differential between that comparable item and the special item which he maintained in March 1942, or in the month most nearly preceding March 1942 when he had sales of both of those items, or, if the seller did not make sales of these items in March 1942 or in any month prior to that month, he must show the price differential which he would have maintained between the two items in March 1942 if he had made such sales.

The seller shall report his requested price in his application, together with an

explanation of how he has determined the price. The price shall be one which is in appropriate relationship to the most comparable standard item determined from an examination of the data submitted by the seller and from such other data as may be available to the Office of Price Administration. A maximum price duly approved by the Office of Price Administration for a seller for a special item shall apply to subsequent sales by that seller of the identical item of mahogany lumber, unless the Office of Price Administration limits the applicability of the approved price in some manner.

If, within 30 days of the receipt of the application by the Lumber Branch of the Office of Price Administration, that Office does not transmit a disapproval of the price requested by the seller on the application, that requested price may be deemed approved, but such approval shall be applicable only to the one specific order and only to the quantity of the special item contained in that order on the date of the application.

Prior to the approval of the Office of Price Administration of the maximum price for the special item covered by this subparagraph, the seller shall not make any collections on account of the sales price of the special item. However, the seller may proceed with the delivery of the special item using the requested price as a tentative maximum price, but all quotations, contracts and invoices must notify the buyer that the price is subject to approval by the Office of Price Administration within the 30 day period described above.

This amendment becomes effective April 8, 1946.

Note: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 3d day of April 1946.

EXEMPTION AND SUSPENSION OF CERTAIN ARTICLES OF GOODS FROM PRICE CONTROL

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Supplementary Order No. 126 is amended in the following respects:

1. Section 2 (b) is amended by deleting the words "made of natural vegetable products such items as cones, berries, pads, leaves, etc." appearing after the words "Christmas decorations".

2. Section 2 (c) is amended by adding the words "and those covered by Maximum Price Regulation No. 463" after the words "Garment bags except paper bags".

3. Section 2 (e) is amended by adding the following items:

Portable camp stoves designed for use with solidified gasoline as a fuel.

Roller skates, and shoes and skate combinations, but not shoes.

4. Section 2 (g) is amended by adding the following item:

Furniture made wholly or predominantly of glass or mirrors.

5. The item "Commercial and institutional kitchen appliances and fixtures. . ." in section 2 (k) is amended to read:

Commercial and institutional kitchen appliances and fixtures for use in hotels, restaurants, schools, hospitals, industrial and public cafeterias and similar establishments, such as ranges, broilers (including salamanders and combination types) automatic deep fat fryers, bain maries, baker stoves, steam jacketed kettles, stock kettles (electric), vegetable steamers—commercial, steam tables, kitchen work tables and kitchen serving tables, warming ovens, plate warmers, griddles—commercial, automatic egg broilers, coffee urns and coffee making systems, toasters—commercial (gas), toaster—commercial over two slices (electric) dishwashers—commercial, glasswashers—commercial, pot racks, pot sinks and vegetable sinks, dish and food carrying trucks and urn stands. This does not include articles which are customarily used both in stores and commercial and institutional kitchens such as slicing

machines, food choppers, food grinders and coffee grinders.

6. The item "Custom built furniture, fixtures and equipment. . ." in section 2 (k) is amended to read:

Custom built commercial furniture, fixtures and equipment otherwise covered by Maximum Price Regulation No. 188 when made for and sold to a single user, according to special designs and specifications required by the user for his special use in stores, offices, hotels, restaurants, schools, churches, theaters, public carriers, hospitals and institutions. If stock or catalogue models are used (whether or not minor changes are made) the article is not considered custom built.

7. The item "Toys and games, except. . ." in section 7 (a) is amended to read:

Toys and games, except velocipedes, tricycles, scooters, children's automobiles, three-wheel cars, and wagons with metal bodies longer than eighteen inches.

This amendment shall become effective on the 3d day of April 1946.

Issued this 3d day of April 1946.

SECTION 1. What this regulation covers—(a) Transactions covered. This regulation covers all sales of special millwork. As used in this regulation, "Special Millwork" means all made-to-order exterior and interior woodwork, manufactured to meet the special requirements of a purchaser. Such millwork is made in accordance with architect's plans, specifications and details or to the purchaser's specific instructions as to design, size, and species of wood, from any softwood, hardwood, or combination of softwood and hardwood to be built into and become a part of a building.

Special millwork does not include any millwork items shown as stock in area stock books of jobbers and manufacturers nor any item covered by Maximum

Price Regulation 44, Revised Maximum Price Regulation 293, Maximum Price Regulation 381, Maximum Price Regulation 525, Maximum Price Regulation 589, or Maximum Price Regulation 601 even though these items are made in accordance with architect's or purchaser's plans, specifications or details.

(b) *Relation to other regulations*—(1) *General Maximum Price Regulation.* This regulation supersedes the General Maximum Price Regulation for sales covered by this regulation.

(2) *Exports.* The Second Revised Maximum Export Price Regulation covers export sales and sales to exporters.

(3) *Imports.* The Maximum Import Price Regulation covers purchases, sales or deliveries, if they originate outside of the continental United States.

(c) *Geographical applicability.* This regulation applies in the forty-eight States of the United States and the District of Columbia.

SEC. 2. *Prohibition against dealing at prices higher than the maximum.* On and after the effective date of this regulation, no person in the course of trade or business shall buy or receive any special millwork covered by this regulation at prices higher than the maximum prices established by this regulation, and no person shall agree, offer or attempt to do any of these things.

Prices lower than the maximum prices may of course be charged and paid.

SEC. 3. *Maximum prices*—(a) *Sellers who sold special millwork in March 1942.*

(1) The maximum price for a seller who sold special millwork during March 1942, and who files the report required under subparagraph (2) of this paragraph shall be determined as follows:

(i) The seller shall compute a price based on his March 1942 costs and the pricing method he used during March 1942.

(ii) To the price computed under subdivision (i), the seller may add his dollar and cents increases in direct labor and direct material costs resulting from legal increases in wage rates and materials prices from March 1942 to December 31, 1945. Increases in labor costs may not be based on wage rates higher than those approved by the appropriate wage stabilization agency. Overhead and profit margins shall not be applied to the dollar and cents increase in material and labor costs.

(2) *Filing pricing method.* Every seller who is required to determine maximum prices for special millwork under subparagraph (1) shall, within 30 days after the issuance of this regulation, file with the Building Materials and Construction Price Branch, Office of Price Administration, Washington 25, D. C., a report, in duplicate, setting forth:

(i) A complete description of the method and costs actually used in March 1942 for pricing special millwork outlining any of the following costs contained in the pricing method:

Machine burden (or overhead)
Bench burden (or overhead)
Yard burden (or overhead)
Kiln drying costs
Waste factor
Commercial and administrative expense in percentage
Profit in percentage

(ii) His March 1942 materials costs and his legal December 1945 materials costs;

(iii) His March 1942 wage rates and his December 1945 wage rates, as approved by the appropriate wage stabilization agency if different from March 1942 wage rates;

(iv) The amounts or percentages allowed for concessions and discount for quantity sales, cash or prompt payments and for any other special type of sale or credit practice.

(b) *Sellers who did not sell special millwork in March 1942.* A seller who did not sell special millwork in March 1942 shall apply to the Building Materials and Construction Price Branch, Office of Price Administration, Washington 25, D. C., for approval of his maximum prices or his pricing method. The application shall be filed in duplicate setting forth a complete description of the method he proposes to use for pricing special millwork, the pricing method which he used in December 1945, if he was in business at that time, and the names and addresses of his nearest most comparable competitors.

The pricing method shall be deemed to be approved automatically upon expiration of thirty days after mailing the report by registered mail (or upon expiration of thirty days after mailing all additional information which may have been requested) unless within that time the Office of Price Administration notifies the seller that his proposed pricing method has not been approved or that action has been deferred pending receipt of further information. The Administrator shall approve for each seller a pricing method in line with those established by the seller's most comparable competitors.

(c) *Maximum prices for sellers who fail to file report of pricing method or whose pricing method has not been approved.* The maximum prices for a seller who fails to file his price determining method with the Building Materials and Construction Price Branch, Office of Price Administration, Washington 25, D. C., shall be his legal cost of materials used for the special millwork sold.

(d) *Revision of a seller's pricing method.* The Administrator may revise the pricing method of any seller in order to bring the seller's maximum prices in line with the generally prevailing maximum prices in his area.

SEC. 4. *Discounts, allowances and differentials.* Every seller who sold special millwork in March 1942 shall continue discounts, allowances, including transportation allowances, and other price differentials at least as favorable as those in effect during March 1942.

SEC. 5. *Invoicing.* On each sale of special millwork the seller shall give to the buyer an invoice or other statement containing the following:

(a) Names and addresses of the seller and buyer and the date of the sale.

(b) All factors which enter into the determination of the selling price of each item sold and a sufficiently complete description of each item so that the sale may be identified in the records the seller is required to maintain under section 9, or in lieu of the above a symbol or num-

ber which coincides with a detailed estimate which is on file at the seller's office.

(c) The total price of the sale.

SEC. 6. *Prohibited practices.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to changes in cash discount practices and to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

SEC. 7. *Adjustable pricing.* Any person may agree to sell at a price which can be increased, up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price. The authorization will be given by order.

SEC. 8. *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

SEC. 9. *Records.* Each seller must preserve for examination by representatives of the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect the following:

(a) All records he was required to preserve under the General Maximum Price Regulation.

(b) A copy of the report filed with the Office of Price Administration under Section 3 and a copy of the pricing method approved for him by the Office of Price Administration.

(c) Records relating to each sale of special millwork made after the effective date of this regulation showing for each such sale: (1) The name and address of the purchaser, (2) the date of the sale, (3) the price charged, (4) a complete description of the special millwork sold which may be in the form of architect's or purchaser's plans, specifications or details or a copy of the detailed estimate pertaining to a particular contract.

SEC. 10. *Enforcement.* Any person who violates any provision of this regulation is subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 11. *Licensing.* The provisions of Licensing Order No. 1 licensing all per-

sons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more applicable price regulations.

This regulation shall become effective May 3, 1946.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 3d day of April 1946.

PART 1305—ADMINISTRATION [SO 108, Amdt. 10]

MANUFACTURERS' MAXIMUM AVERAGE PRICES FOR CERTAIN ITEMS OF APPAREL AND APPAREL ACCESSORIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Supplementary Order 108 is amended in the following respects:

¹ 11 F.R. 2593.

² 10 F.R. 4336, 5995, 6402, 8368, 10200, 12089, 12984, 13129, 15125; 11 F.R. 12171.

1. Section 22 (a) (1) is amended to delete the words "state or municipal governments" and to substitute the words "federal, state or municipal governments within the United States" in their place.

2. Section 22 (a) (9) is added to read as follows:

(9) Items made wholly (except for lining, binding or trimmings) of a combination of two or more of the fabrics or yarns named in paragraphs (4) through (8) above.

3. Section 22 (a) (10) is added to read as follows:

(10) Items included in categories B-41 through B-47 if all non-elastic material used is made of the yarns or fabrics named in paragraphs (4) through (8) and such elastic materials comprise 40% or less of the total yardage used in the item.

4. Section 22 (a) (11) is added to read as follows:

(11) Hosiery in which the entire leg is made of 100% nylon yarn and the foot or top or both are made of cotton yarn or mixed cotton and nylon yarn.

5. Section 22 is amended by adding paragraph (d) to read as follows:

(d) *Special provision for persons who exclude items added after January 1, 1946*—(1) *When you may exclude deliveries of items which are added to the list in paragraph (a) after January 1, 1946.* All deliveries of such items made during the period covered by your next report after the effective date of the amendment making such addition may be excluded in calculating your weighted average price for that period. (For example, if you are reporting deliveries for a quarter, you may exclude deliveries, made at any time during that quarter, of items added during that quarter in figuring your weighted average price. If you are reporting deliveries for a month under section 7 (b) you may exclude deliveries, made at any time during that month, of items added during that month.)

(2) *When you must file under (b) and (c).* If you wish to exclude items added to paragraph (a) after January 1, 1946, you must observe the requirements of paragraph (b) which are applicable to you, on or before 45 days from the effective date of the amendment adding such item, or on or before the date on which you first deliver an item you wish to exclude, whichever is later.

6. Section 22 is amended by adding paragraph (e) to read as follows:

(e) *Effect of election to exclude items.* If you elect to exclude, under this section, deliveries of any items from the total number of units delivered in any category, you must exclude from that category all deliveries of such items for the quarter in which you first elect to exclude the items and for all subsequent quarters.

This amendment shall become effective as of March 29, 1946.

NOTE: All record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in

accordance with the Federal Reports Act of 1942.

Issued this 2d day of April 1946.

PART 1380—HOME AND SERVICE INDUSTRY MACHINE

[RMFR 86, Amdt. 1]

DOMESTIC LAUNDRY MACHINES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 86 is amended in the following respects:

1. Section 5. *Reconversion adjustment of certain ceiling prices* is amended to read as follows:

SEC. 5. *Reconversion adjustment of certain ceiling prices.* This section authorizes reconversion adjustments by manufacturers of certain ceiling prices. Unless a manufacturer is otherwise directed by an order issued by the Office of Price Administration under this section, every manufacturer of washing or ironing machines may adjust any ceiling price which he fixed for sales to purchasers for resale and to the United States and Allied Government in accordance with section 3 of this regulation, by adding to that price an amount equal to 9.5% of that price. Orders will be issued under this section denying a manufacturer permission to adjust his ceiling prices by all or part of this increase when it appears to the Price Administrator, on the basis of the manufacturer's production plans as previously filed with the War Production Board and other information available to the Office of Price Administration, that the manufacturer has discontinued production of his low-end model or has decreased the proportion of low prices to high priced models which he manufactures so that his present or prospective production is not representative of his production in that respect of those machines during the year July 1, 1940 to June 30, 1941. The average price at which the manufacturer's production of each type of machine will be sold will be considered in determining how much, if any, of the increase will be granted to such a manufacturer.

Manufacturers who, before April 2, 1946, have established ceiling prices for their sales of washing or ironing machines under any section other than section 3 of this regulation or under an order under this regulation may increase their ceiling prices so established by 1.67% of that price.

2. Section 15. *Distributors' ceiling prices* is amended to read as follows:

SEC. 15. *Distributors' ceiling prices.* A distributor's ceiling price for sales of a

particular model of washing or ironing machine or drier to a particular class of purchaser is that established for his sales by an order issued under section 14. If, however, a distributor's ceiling price for a washing or ironing machine was established by an order issued under that section before April 2, 1946 or if the distributor determined his ceiling price for a washing or ironing machine under this regulation before that date he shall recompute his ceiling price in accordance with Rule 5 of this section. A distributor recomputing his prices in this manner may, in computing his percentage of the total dollar margin, use the manufacturer's ceiling price to him in effect on April 1, 1946 for the same model, his own ceiling price on that date for sales of the same model to dealers and the retail ceiling price under this regulation in effect on that date for the same model instead of the corresponding October 1-15, 1941 prices.

Rule 5. A distributor's ceiling price for sales in each zone of each model to each class of purchaser shall be the price which will yield the distributor the same percentage of the total dollar margin between the manufacturer's price to him (not exceeding the manufacturer's ceiling price to him exclusive of an adjustment other than that allowed by Section 5 of this regulation) and the dealer's price for resales to ultimate consumers in that zone (exclusive of any increases pursuant to an individual adjustment granted to the manufacturer) as he received during the period October 1-15, 1941, in connection with the sale of the most "comparable" model sold by him to the same class of purchaser. To be "comparable" a model must be one produced by the same manufacturer.

Example: Distributor who sold Model X produced by manufacturer A during October 1-15, 1941, determines his ceiling price for Model Y produced by the same manufacturer and most comparable to Model X, as follows:

He determines for Model X the manufacturer's price to him in October 1941 as \$34.00. His price for sales to servicing dealers was \$41 and the dealer's retail sales price was \$69. The total dollar margin between the manufacturer's price to him and the retail price was \$35 (\$69 minus \$34) and he received 20% of that spread (his dollar markup was \$7.00 and this is 20% of \$35). The manufacturer's ceiling price to him under Revised Maximum Price Regulation No. 86 for Model Y is \$45 and the retail price is \$79. The total dollar margin is \$34. 20% of \$34 is \$6.80. He adds this amount to the manufacturer's price to him (\$45 plus \$6.80) and the result, \$51.80, is his ceiling price to the same class of dealer for Model Y.

Rule 6. If a distributor cannot determine his ceiling price for sales of a particular model to a particular class of dealer under Rule 5, his ceiling price for that sale is the ceiling price established under Rule 5 for the same sale by the "closest seller of the same class" who has so determined a ceiling price. A distributor's "closest seller of the same class" is a distributor who (a) has established a ceiling price for sales of the identical model of washing or ironing machine or drier to the same class of purchaser, and (b) is the same general type of seller, and (c) is located in the same zone and is nearer to the seller than any other seller who meets requirements (a) and (b) of this rule. The area included in each zone is set forth in section 17, unless an order issued under section 14 specifies other zones for the particular make of machine.

Rule 7. If the distributor cannot otherwise find his ceiling price for a particular sale, his ceiling price for that sale is the

price established by the Office of Price Administration in an order under this section.

An application under this rule shall state the name of the manufacturer of the machine being priced, its model designation, the classes of purchaser to whom the applicant proposes to sell the machine, the ceiling prices he proposes for such sales, and a statement of the reasons he cannot use the other rules in this section.

This amendment shall become effective on the 2d day of April 1946.

Issued this 2d day of April 1946.

PAUL A. PORTER,
Administrator.

INDEPENDENT BROADCASTING CO.

ORDER DESIGNATING APPLICATION FOR CON- SOLIDATED HEARING ON STATED ISSUES

In re application of Independent Broadcasting Company, Des Moines, Iowa, for construction permit; Docket No. 6734; File No. B4-P-3770.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 20th day of March 1946:

The Commission having under consideration the application of Independent Broadcasting Company (File No. B4-P-3770; Docket No. 6734) for a construction permit for a new standard broadcast station to be operated on the frequency 940 kc., with 10 kw. power, daytime only, at Des Moines, Iowa;

It is ordered, That the application of Independent Broadcasting Company be and it is hereby designated for hearing in a consolidated proceeding with the application of University of Minnesota (KUOM) (File No. B4-P-4547) for a construction permit requesting a cancellation of its present time-sharing agreement with Station WICAL of St. Olaf College, Northfield, Minnesota, and a change of frequency to 940 kc. with 5 kw. power day, and 250 w. power night, at Minneapolis, Minnesota, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant, its officers, directors, and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which would gain primary service through the operation of the proposed station and what other broadcast services are available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the areas and populations proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing or proposed broadcast service, with particular reference to Station KUOM, operating as proposed, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the installation and operation of the proposed station would be in compliance with the

Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.

6. To determine upon a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 20th day of March, 1946;

The Commission having under consideration the application of W. Walter Tison (File No. B3-P-4514) for a construction permit for a new standard broadcast station to be operated on the frequency 1490 kc. with 250 watts power, unlimited time, at Tampa, Florida, together with the applications of Citrus Belt Broadcasters, Inc. (File No. B3-P-4331; Docket No. 7310) and Carl Connie and Esther Ferris Floyd, a partnership, d/b as Winter Haven Broadcasting Company (File No. B3-P-4332; Docket No. 7311), both requesting the same facilities at Winter Haven, Florida, which latter two applications have heretofore been designated for hearing in a consolidated proceeding;

It is ordered, That the application of W. Walter Tison be, and it is hereby, designated for hearing in a consolidated proceeding with the above applications, on the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant to construct and operate the proposed station.

2. To determine the areas and populations which would gain primary service through the operation of the proposed station and what other broadcast services are available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the areas and populations proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing or proposed broadcast service and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.

6. To determine upon a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the bills of particulars heretofore issued in these proceedings be, and they are hereby, amended to include the application of W. Walter Tison (File No. B3-P-4514; Docket No. 7451).

1. To determine the technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders, to construct and operate Station WEAU as proposed.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of Station WEAU as proposed and the character of other broadcast services available to those areas and populations.

3. To determine the type of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of Station WEAU as proposed would involve objectionable interference with the operation of Stations KGHL, Billings, Montana, WMC, Memphis, Tennessee, WCAL, Northfield, Minnesota, WBBM, Chicago, Illinois, or any other existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast services to such areas and populations.

5. To determine whether the operation of Station WEAU as proposed would involve objectionable interference with the operations of Stations CKSO, Sudbury, Ontario, XEDF, Nuevo Laredo, Tamaulipas, and XERC, Mexico, B. F., and, if so, the nature and extent thereof.

6. To determine whether the operation of Station WEAU as proposed would involve objectionable interference with the services proposed in any pending applications for broadcast facilities, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast services to such areas and populations.

7. To determine whether the installation and operation of Station WEAU as

proposed would be in compliance with the Commission's rules and Standards of Good Engineering Practice concerning standard broadcast stations.

8. To determine whether the erection of the antenna system proposed herein would be consistent with Civil Aeronautics Administration requirements.

9. To determine whether the operation of the applicant as proposed would conflict with the provisions of the North American Regional Broadcasting Agreement.

10. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

It is further ordered, That Northwestern Auto Supply Co., Inc. (KGHL), Billings, Montana; Memphis Publishing Co. (WMC), Memphis, Tennessee; St. Olaf College (WCAL), Northfield, Minnesota; and Columbia Broadcasting System, Inc. (WBBM), Chicago, Illinois, be, and they are hereby, made parties to this proceeding; and

It is further ordered, That the bills of particulars heretofore issued in connection with the applications of Plains Radio Broadcasting Company (KFYO) (File No. B3-P-4391; Docket No. 7335), Lubbock, Texas; G. PRESS WIRELESS, INC.

NOTICE OF HEARING

In re applications of Press Wireless, Inc., dated February 4, 1946, for special temporary authority to communicate with Montreal, Canada, for handling transiting press and government traffic; class of service, fixed public press; class of station, point-to-point telegraph; location, Hicksville, New York; Docket No. 7446; File No. T1-RSA-440-3.

You are hereby notified that the Commission having examined the above-described application, and being unable to determine upon examination of such application that public interest, convenience or necessity would be served by the granting thereof, has designated the matter for hearing for the following reasons:

1. To determine the extent to which applicant's authorized frequencies and facilities would be used for operating the proposed circuit and whether such use is the most desirable use of these fre-

quencies and facilities for providing the United States public with rapid and efficient communication service.

2. To determine the nature and identity of the prospective users of the proposed service and the type and volume of traffic which would be handled over the proposed circuit.

3. To determine the nature and capacity of existing telegraph communication facilities between New York, N. Y., and Montreal, Canada.

4. To determine the methods now used for handling the traffic proposed to be handled over the circuit for which application is made.

5. To determine whether there is a public need for additional telegraph communication channels between New York and Montreal which cannot adequately be met by wire facilities.

6. To determine whether the proposed operation would provide more efficient or less efficient service than is provided by existing facilities, and the extent to which the United States public would be affected thereby.

7. To determine whether the proposed operation would provide service at reduced rates, and the extent to which the United States public would be benefited thereby.

8. To determine any other relevant facts which would indicate whether or not the grant of the above application would serve public interest, convenience or necessity.

The applicant is hereby given an opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.384 (a) of the Commission's rules and regulations. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's rules and regulations.

The applicant's address is as follows: Press Wireless, Inc., 1475 Broadway, New York, N. Y.

Dated at Washington, D. C., March 20, 1946.

FEDERAL TRADE COMMISSION.

[Docket No. 5428]

HIGH SEAS TUNA PACKING COMPANY, INC.

NOTICE OF HEARING

Complaint. The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof and hereinafter more particularly designated and described, since June 11, 1941, has violated and is now violating the provisions of subsection (c) of section 2 of the Clayton Act (U.S.C. Title 15, Sec. 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint, stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent High Seas Tuna Packing Company, Inc., is a corporation, organized and existing under the laws of the State of California, with

its principal office and place of business located at 2802 Canon St., Point Loma, San Diego, California.

PAR. 2. Respondent is now engaged and since 1941 has been engaged in the business of buying, packing, selling and distributing fish, particularly tuna and mackerel, and fish products in its own name and for its own account. Respondent sells and distributes these products principally through brokers or intermediaries who act as respondent's agents in finding buyers for respondent's products, in negotiating their sale at respondent's prices and for such services respondent pays such brokers or intermediaries commissions or brokerage fees. Such transactions are not challenged by this complaint. Respondent, however, also sells its products directly to other buyers, involving shipments in commerce, particularly the French Sardine Co. of Terminal Island, California, and Lang & Stroh Company, 204 Davis St., San Francisco, California, and on such sales, respondent pays to such buyers, directly or indirectly, commissions or brokerage fees.

PAR. 3. Respondent in the course and conduct of its business as described has sold, distributed and transported, and generally does sell, distribute and transport, its fish products in commerce between the State of California and other states of the United States.

PAR. 4. Respondent since 1941 in connection with the interstate sale, distribution and shipment of its fish products has been and is now paying or granting, directly or indirectly, commissions, brokerage or other compensation, allowances or discounts in lieu thereof to French Sardine Co. and Lang & Stroh Company, each of which purchased said fish products from respondent in its own name and for its own account, taking title thereto and assuming all rights and risks of ownership thereafter and in the resale of such products.

PAR. 5. The aforesaid acts and practices of respondent in paying or granting to purchasers of its products, directly or indirectly, commissions, brokerage or other compensation and allowances or discounts in lieu thereof, as set out hereinabove, are in violation of subsection (c) of section 2 of the Clayton Act, as amended.

Wherefore, the premises considered, the Federal Trade Commission on this 27th day of March, A. D. 1946, issues its complaint against said respondent.

Notice. Notice is hereby given you, High Seas Tuna Packing Company, Inc., a corporation, that the 3d day of May, A. D. 1946, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the com-

plaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The rules of practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearings on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 27th day of March A. D. 1946.

By the Commission.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Siemens & Halske Akt. is a corporation organized under the laws of Germany and is a national of a foreign country (Germany);

2. That Siemens Apparate und Maschinen G. m. b. H. is a corporation organized under the laws of Germany and is a national of a foreign country (Germany);

3. That the property described in subparagraph 4 hereof is property of Siemens & Halske Akt. or Siemens Apparate und Maschinen G. m. b. H.;

4. That the property described as follows: Property identified in Exhibit A attached hereto and made a part hereof,

is property of nationals of a foreign country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have

the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on February 8, 1946.

[Vesting Order 6067]

ELIZABETH WEBER

In re: Estate of Elizabeth Weber, deceased; File D-28-4198.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

That the property described as follows: All right, title, interest and claim of any kind or character whatsoever of Margaret Heppel, Isle Wenning, Margot Wenning, Rose Wenning, Ruth Wenning Schaefer, Louise Lieberknecht, Minna Lieberknecht, Adolph Steffen, and Marie Baumgartner, and each of them, in and to the Estate of Elizabeth Weber, deceased,

is property payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

Margaret Heppel, Germany.
Isle Wenning, Germany.
Margot Wenning, Germany.
Rose Wenning, Germany.
Ruth Wenning Schaefer, Germany.
Louise Lieberknecht, Germany.
Minna Lieberknecht, Germany.
Adolph Steffen, Germany.
Marie Baumgartner, Germany.

That such property is in the process of administration by Walter R. Caples, as administrator d. b. n. c. t. a., acting under the judicial supervision of the Orphans' Court of Baltimore City, Maryland;

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an ad-

mission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

OFFICE OF PRICE ADMINISTRATION.

[SO 142, Order 67]

MONOWATT ELECTRIC CORP.

DETERMINATION OF MAXIMUM PRICES

Order No. 67 under Supplementary Order No. 142, adjustment provisions for sales of industrial machinery and equipment. The Monowatt Electric Corporation; Docket Nos. 6083 SO 142-136-243 and 6083 SO 142-82-11.

For reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Supplementary Order No. 142, It is ordered:

(a) The maximum prices for sales by The Monowatt Electric Corporation, Providence, Rhode Island, of all its products, which are covered by any of the regulations listed in Supplementary Order No. 142, shall be determined as follows: The maximum prices for any of the above described products, having a base date price, shall be the applicable base date price increased by 10% of that price.

The phrase in this order "base date price" shall mean a price frozen under the applicable regulation (by reference to published list prices, and to sales prices made during a defined period of time prior to a base date), except that for every product covered by this order the base date to be used for establishing a frozen price shall be October 1, 1941. The phrase does not include any price adjusted upward by industry-wide or individual adjustment orders.

(b) For any product for which a price is established under section 8 of Revised Maximum Price Regulation 136; 4 (d) (1) (i) of Maximum Price Regulation 67; § 1361.53 of Maximum Price Regulation 246; or § 1390.205 (d) of Maximum Price Regulation 351, the maximum price shall be computed under the appropriate provisions of the applicable regulation using the price computed under paragraph (a) of this order for the frozen priced product before a change or modification.

(c) The maximum prices for sales by resellers of the products described in paragraph (a) above shall be determined as follows: The reseller shall increase the maximum net prices he had in effect to a purchaser of the same class, just prior to the issuance of this order, by the same percentage by which his net invoiced cost has been increased by reason of this order.

(d) The Monowatt Electric Corporation shall notify each purchaser, who buys the products listed in paragraph

(a) above for resale, of the percentage by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington, D. C.

(e) All requests not granted herein are denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

PAUL A. PORTER,
Administrator.

[MPR 389, Order 33]

CHILI CON CARNE, INC., ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On October 22, 1945, Chili Con Carne, Inc., of 160 North LaSalle Street, Chicago 1, Illinois, filed an application for the establishment of maximum prices on sales of the sausage product known as "Chili Con Carne" with beans, and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-44.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Chili Con Carne" with beans and made by Chili Con Carne, Inc., in accordance with the individual formula submitted to the Office of Price Administration with the application for this order except that boneless processing beef of cutter and canner grade may be used as the meat ingredient, shall be determined by the sellers as follows:

(1) The base price for the product listed is established at the following amount per hundredweight:

"Chili Con Carne" with beans..... \$19.25

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage other than kosher sausage, all beef sausage, and sausage containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Chili Con Carne" with beans to a wholesaler, peddler truck seller, or intermediate distributor Chili Con Carne, Inc., shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Chili Con Carne" with beans have been established by the Office of Price Administration at the base price of \$19.25 per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (see section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler truck seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Chili Con Carne" with beans to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Chili Con Carne" with beans have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 389.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 33 may be revoked or amended by the Price Administrator at any time.

This Order No. 33 shall become effective April 3, 1946.

NOTE: This order has the prior written approval of the Secretary of Agriculture (10 F.R. 8419).

Issued this 2d day of April 1946.

[MPR 389, Order 34]

STADLER BROS. PACKING CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On January 24, 1946, Stadler Brothers Packing Company, of Columbus, Indiana, filed an application for the establishment of maximum prices on sales of the sausage product known as "Chopped Ham Loaf" and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-42.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in that opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Chopped Ham Loaf" and made by Stadler Brothers Packing Company in accordance with the individual formula submitted to the Office of Price Administration with the application for this order, shall be determined by the seller as follows:

(1) The base price for the product listed is established at the following amount per hundredweight:

Chopped Ham Loaf..... \$44.25

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone descriptions provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Chopped Ham Loaf" to a wholesaler, peddler truck seller, or intermediate distributor Stadler Brothers Packing Company shall supply each such seller with a written notice in the following form:

Our OPA ceiling prices for "Chopped Ham Loaf" have been established by the Office of Price Administration at the base price of \$44.25 per hundredweight, to which may be added the zone differentials provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler truck seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Chopped Ham Loaf" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Chopped Ham Loaf" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labeling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraph (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of the application not herein granted are denied.

(f) This Order No. 34 may be revoked or amended by the Price Administrator at any time.

This Order No. 34 shall become effective April 3, 1946.

NOTE: This order has the prior written approval of the Secretary of Agriculture (10 F.R. 8419).

Issued this 2d day of April 1946.

PAUL A. PORTER,
Administrator.

NORTH SHORE LEATHER CO.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 10 of Maximum Price Regulation 478, *It is ordered:*

(a) The maximum price for sales of the following coated fabric converted by the North Shore Leather Company, 38-42 Endicott Street, Peabody, Massachusetts, shall be as follows:

Commodity—For Sales to Manufacturers

53' 1.32 sateen, dyed, coated with 16 dry ozs. of pyroxylin coating (supplied by Weymouth Art Leather Company) and further topped and embossed to simulate leather effects:

Plain colors: \$1.49½ per linear yard.
Reds: \$1.52¾ per linear yard.

(b) With or prior to the first delivery of the coated fabric covered by this order, to any person other than a manufacturer, the seller shall notify such person in writing of the specific maximum price applicable to his resale of this coated fabric to manufacturers which is the maximum price set forth in paragraph (a) above.

(c) All provisions of Maximum Price Regulation 478 not inconsistent with this order shall apply to sales covered by this order.

(d) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

BRIGGS FILTRATION CO.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 9 of Maximum Price Regulation No. 591, *It is ordered:*

(a) The maximum net price, excluding Federal excise tax, for sales by any person to consumers of the following gas fired storage water heater manufactured by the Briggs Filtration Company, Bethesda, Maryland, and described in its application dated February 14, 1946, shall be:

No. 30-X—30 gallon gas fired storage water heater, outside flue, galvanized tank, insulated and equipped with snap action type valve: \$93.00.

(b) The maximum net price, excluding Federal excise tax, f. o. b. point of shipment for sales by any person to dealers, shall be the maximum price specified in (a) above less a discount of 25 per cent.

(c) The maximum net price, excluding Federal excise tax, for sales by any person to jobbers, shall be the maximum price specified in (a) above less successive discounts of 25 and 20 per cent.

(d) The maximum net price set forth in (c) above shall be f. o. b. point of shipment with actual freight allowed up to \$1.00 per hundred weight on shipments of 100 pounds or more.

(e) In addition to the allowance set forth in (d) above, each seller shall extend discounts allowances including transportation allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered or would have extended or rendered to purchasers of the same class on comparable sales of commodities in the same general category during March 1942.

(f) The maximum prices on an installed basis of the commodities covered by this Order shall be determined in accordance with Revised Maximum Price Regulation No. 251.

(g) Each seller covered by this order, except on sales to consumers shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for each such seller as well as the maximum prices established for purchasers except dealers upon resale.

(h) The Briggs Filtration Company shall attach to each gas fired water heater covered by this order a tag containing the following:

OPA Maximum Retail Price Not Installed,
Including Actual Federal Excise Tax Paid
at Source—\$-----

(i) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

EDISON GENERAL ELECTRIC APPLIANCE CO.,
INC.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to sections 3 and 11 of Maximum Price Regulation No. 64, It is ordered, That Order No. 196 under sections 3 and 11 of Maximum Price Regulation No. 64 be and it hereby is, amended in the following respect:

1. Paragraph (a) (1) is amended to read as follows:

(1) For sales by wholesale distributors to retail dealers, the maximum prices, including the federal excise tax, are as follows:

Model	Maximum prices for sales by wholesale distributors to servicing retail dealers	
	In quantities of 1 to 4	In quantities of 5 or more
	Each	Each
RB 8	\$72.64	\$67.92
RB 15	79.89	75.81
RB 17	121.32	110.02
RC 8	166.87	151.34

A wholesale distributor shall determine his maximum prices for sales to a non-servicing retail dealer by adding to the maximum prices, listed above, the same differential which he had in effect during March 1942, between sales to servicing and non-servicing retail dealers. If a particular wholesale distributor was not in business during March 1942, he shall apply the differential which his closest competitor had in effect during that time.

These maximum prices are f. o. b. seller's city. However, when shipment is

made directly from the factory to the retail dealer, pursuant to the wholesale distributor's order, the above maximum prices are f. o. b. the retail dealer's city.

For the purposes of this order, the following terms shall have the following meanings:

(i) "Servicing retail dealer" means a retail dealer who delivers the range to the ultimate consumer, and provides all necessary services, in connection with delivery, installation and the furnishing of a one year warranty.

(ii) "Non-servicing retail dealer" means a retail dealer who sells a range, delivery of which is made directly to the ultimate consumer by the wholesale distributor, the latter providing all necessary services in connection with delivery, installation and the furnishing of a one year warranty.

This amendment shall become effective on April 2, 1946.

Issued this 2d day of April 1946.

GENERAL ELECTRIC CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to sections 3 and 11 of Maximum Price Regulation No. 64, It is ordered, That Order No. 198 under sections 3 and 11 of Maximum Price Regulation No. 64 be, and it hereby is, amended in the following respect:

1. Paragraph (a) (1) is amended to read as follows:

(1) For sales by wholesale distributors to retail dealers, the maximum prices including the federal excise tax, are as follows:

Model	Maximum prices for sales by wholesale distributors to servicing retail dealers	
	In quantities of 1 to 4	In quantities of 5 or more
	Each	Each
AP146A8	\$72.62	\$67.87
CT146A9	79.99	75.87
CD346A9	121.26	109.91
DD246A9	177.26	160.08

A wholesale distributor shall determine his maximum prices for sales to a non-servicing retail dealer by adding to the maximum prices, listed above, the same differential which he had in effect during March, 1942, between sales to servicing and non-servicing retail dealers. If a particular wholesale distributor was not in business during March 1942, he shall apply the differential which his closest competitor had in effect during that time.

These maximum prices are f. o. b. seller's city. However, when shipment is made directly from the factory to the retail dealer, pursuant to the wholesale dis-

tributor's order, the above maximum prices are f. o. b. the retail dealer's city.

For the purposes of this order, the following terms shall have the following meanings:

(i) "Servicing retail dealer" means a retail dealer who delivers the range to the ultimate consumer, and provides all necessary services in connection with delivery, installation and the furnishing of a one year warranty.

(ii) "Non-servicing retail dealer" means a retail dealer who sells a range, delivery of which is made directly to the ultimate consumer by the wholesale distributor, the latter providing all necessary services in connection with delivery, installation and the furnishing of a one-year warranty.

This amendment shall become effective on the 2d day of April 1946.

Issued this 2d day of April 1946.

QUINCY STOVE MFG. CO.

APPROVAL OF MAXIMUM PRICES

Order No. 229 under section 11 of Maximum Price Regulation No. 64 is revised and amended to read as follows:

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to section 11 of Maximum Price Regulation No. 64, It is ordered:

(a) This order establishes maximum prices for sales at retail of certain ranges manufactured by Quincy Stove Mfg. Company, of Quincy, Illinois, as follows:

For sales in each zone by retail dealers to ultimate consumers, the maximum prices, including the Federal excise tax, but not including any state or local taxes imposed at the point of sale, are those set forth below:

Model	Maximum prices for sales by retail dealers to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
1L161-TXFC-LS	\$208.95	\$213.50	\$217.95	\$225.25
1L161-TXFC-HS	214.75	219.50	223.95	231.25
1M161-TXFC-LS	208.95	213.50	217.95	225.25
1M161-TXFC-HS	214.75	219.50	223.95	231.25
1H93-TXFC-LS	202.95	209.50	215.95	226.25
1H93-TXFC-HS	208.95	215.25	221.95	232.25
1H94-TXFC-LS	202.95	209.50	215.95	226.25
1H94-TXFC-HS	208.95	215.25	221.95	232.25
1C183-TXFC-LS	205.95	211.25	216.75	225.25
1C183-TXFC-HS	211.75	217.25	222.50	231.25
1C184-TXFC-LS	205.95	211.25	216.75	225.25
1C184-TXFC-HS	211.75	217.25	222.50	231.25

These prices include delivery and installation. If the retail dealer does not provide installation, he shall compute his maximum price by deducting \$9.00 from the maximum price shown above for his sales on an installed basis. In all other respects, these maximum prices are subject to each seller's customary terms, discounts, allowances (other than trade-in allowances), and other price differentials, in effect on sales of similar articles.

(b) If an article covered by this order is delivered without any of the items of equipment, listed below, the appropriate one of the following deductions must be made from the maximum price set forth in paragraph (a):

Minimum Amount Which Must Be Deducted From the Maximum Price

Item of equipment:	
Light and minute minder.....	\$6.95
Broiler.....	5.95
Thermostat.....	13.75
Folding cover (for Models 1H93-TXFC-LS, 1H93-TXFC-HS, 1H94-TXFC-LS, 1H94-TXFC-HS).....	9.75
Folding cover (for Models 1L161-TXFC-LS, 1L161-TXFC-HS, 1M161-TXFC-LS, 1M161-TXFC-HS, 1C183-TXFC-LS, 1C183-TXFC-HS, 1C184-TXFC-LS, 1C184-TXFC-HS).....	11.75

(c) The manufacturer shall, before delivering any range covered by this revised order, after the effective date thereof, attach securely to the inside oven door panel a label which plainly states the applicable OPA retail ceiling prices established by this revised order for sales of the range to ultimate consumers in each zone together with a list of the states included in each zone. The label shall also state that the retail prices shown thereon include the Federal excise tax, delivery and installation, and that if the seller does not provide installation, the maximum price is \$9.00 less than the price shown on the label.

(d) For purposes of this revised order, Zones 1, 2, 3, and 4 comprise the following states:

Zone 1: Illinois.

Zone 2: New York, Pennsylvania, New Jersey, Maryland, Delaware, District of Columbia, West Virginia, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Indiana, Ohio, Michigan, Wisconsin, Minnesota, Iowa, Nebraska, Kansas, Missouri, Oklahoma, and Arkansas.

Zone 3: Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, Florida, North Dakota, South Dakota, Wyoming, Colorado, New Mexico, Texas, and Louisiana.

Zone 4: Montana, Idaho, Washington, Oregon, California, Nevada, Arizona, and Utah.

(e) This revised order may be revoked or amended by the Price Administrator at any time.

(f) This revised order shall become effective on the 3d day of April 1946.

Issued this 2d day of April 1946.

O'SULLIVAN RUBBER CORP.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1315.1405b of Maximum Price Regulation 200, it is ordered:

(a) *What this order does.* This order establishes maximum prices for sales by the manufacturer and by wholesalers in the shoe repair trade of the women's composition half-soles, black and tan color, 7½-iron, bearing the brand name, Aristocrat, which are manufactured by the O'Sullivan Rubber Corporation, Winchester, Virginia. This order also establishes maximum prices for shoe repairmen's sales (unattached) of these women's composition half-soles.

(b) *Manufacturer's and wholesalers' maximum prices.* The manufacturer's and wholesalers' maximum prices for sales in the shoe repair trade of the women's composition half-soles described in paragraph (a) shall be as follows:

7½-IRON ARISTOCRAT WOMEN'S HALF-SOLES

[PER DOZEN PAIRS]

Color	To shoe repairmen list	To wholesalers net
Black.....	\$2.35	\$1.76
Tan.....	3.45	2.59

The above maximum prices for sales to shoe repairmen shall be reduced by any cash discounts given by the seller to shoe repairmen of the same class during March 1942.

The above maximum prices for sales to wholesalers shall be decreased by 5% if the purchaser pays cash within 30 days after delivery.

All other discounts, allowances and trade practices of sellers which were in effect during March, 1942, shall apply to sales covered by this order.

(c) *Shoe repairmen's maximum prices.* The maximum prices for sales by shoe repairmen of the unattached soles described in paragraph (a) shall be 40% of the maximum price established under Revised Maximum Price Regulation 165 or by an area pricing order under Supplementary Service Regulation No. 47 for shoe repairmen's sales of the attached soles.

(d) *Notification of maximum prices.* With or prior to the first delivery to a shoe repairman or wholesaler of any of the soles covered by this order the seller shall notify the buyer in writing that the maximum prices for shoe repairmen's sales of the unattached soles to consumers shall be 40% of the maximum prices established under Revised Maximum Price Regulation 165 or by an area pricing order under Supplementary Service Regulation No. 47 to Revised Maximum Price Regulation 165 for shoe repairmen's sales of the attached soles. If the buyer is a wholesaler of the soles covered by this order the seller shall also notify the wholesaler in writing of the maximum prices applicable to his resales as established by paragraph (b) of this order. This notification shall include a statement that the wholesaler is required to notify any purchaser to whom he sells that the maximum prices for shoe repairmen's sales of the unattached soles to consumers shall be the maximum prices for sales of the unattached soles as established by paragraph (c) of this order.

(e) All provisions of Maximum Price Regulation 200 not inconsistent with this order shall be applicable to sales covered by this order.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

P. C. REICHARD

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1353.102 (b) of Maximum Price Regulation No. 260; it is ordered, That:

(a) P. C. Reichard, R. D. #1, Windsor, Pa. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at

the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
Hav-A-Dime.....	Perfecto.....	50	Per M \$60.00	Cents 2 for 15
Hamilton.....	De Luxe.....	50	60.00	2 for 15

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; It is ordered, That:

(a) Jose A. Martin, 237 E. 103d Street, New York 29, N. Y. (hereinafter called "manufacturer") and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
General Taste....	Perfecto.....	50	Per M \$123	Cents 16

¹ Prices apply to this brand and frontmark using only all long filler (Havana) type 81 and Porto Rico (type 46) tobacco in proportions specified in application.

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic

cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

PAUL A. PORTER,
Administrator.

ROLAND L. SECHRIST

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion accompanying this order, and pursuant to § 1358.102 (b) of Maximum Price Regulation No. 260; It is ordered, That:

(a) Roland L. Sechrist, Rear 211 N. Main Street, Red Line, Pa. (hereinafter called "manufacturer"), and wholesalers and retailers may sell, offer to sell or deliver and any person may buy, offer to buy or receive each brand and size or frontmark, and packing of the following domestic cigars at the appropriate maximum list price and maximum retail price¹ set forth below:

Brand	Size or frontmark	Packing	Maximum list price	Maximum retail price
El-Captain.....	Invincible.....	50	Per M \$72.00	Cents 9

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established

¹ Attention of manufacturer is directed to average retail price ceiling requirement of Maximum Price Regulation 260.

by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

WESTINGHOUSE ELECTRIC CO.

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Section 11 of Maximum Price Regulation No. 64, It is ordered:

(a) That Order 255 under Maximum Price Regulation No. 64 is amended in the following respect:

1. Paragraph (a) (1) is amended to read as follows:

(1) For sales by wholesale distributors to retail dealers the ceiling prices, including the Federal excise tax, are those set forth below:

Ceiling prices for sales to retail dealers (each)	
Model:	
B-64-46	\$161.26
D-64-46	106.32
E-64-46	83.93

These ceiling prices are for sales to the class of retail dealers to whom the wholesale distributor customarily sold at his highest price. The wholesale distributor shall determine his ceiling prices to other classes of retail dealers by applying to the above ceiling prices his customary discounts, allowances and other price differentials in effect on sales to the particular class of dealer. These ceiling prices are f. o. b. seller's city. When,

however shipment is made directly from the factory to the retail dealer pursuant to the wholesale distributor's order, the above prices are freight prepaid. A wholesale distributor who, at the request of the dealer, provides the consumer with delivery, installation, and any service necessary in connection with the sale of the range may make an additional charge per range (which must be separately stated) no greater than the differential he had in effect during March 1942 for similar sale on a similar basis of, if he had no such differential in March 1942, no greater than the differential charged for such servicing by his closest seller of the same class who had such a differential. In all other respects these ceiling prices are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

This amendment shall become effective on the 2d day of April 1946.

Issued this 2d day of April 1946.

JAMES G. ROGERS, Jr.
Acting Administrator.

SOFT MATTRESSES

MAXIMUM PRICES FOR SALES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to § 1499.159b of Maximum Price Regulation No. 188, It is ordered:

Sec.

- Articles covered by this order.
- Manufacturers' maximum prices.
- Maintenance of normal production.
- Manufacturers' reports.
- Maximum prices for sales at wholesale; or to commercial and institutional users.
- Invoices to purchasers for resale.
- Notification to purchasers for resale.
- Retailers' maximum prices.
- "Branded articles".
- Terms of sale.
- Credit charges.
- Relationship of this order to other orders or regulations.
- Revision of maximum prices.
- Revocation or amendment.

SECTION 1. Articles covered by this order. This order covers all soft mattresses. When used in this order, the term "soft mattress" includes only:

(a) *Blown mattresses.* That is, mattresses wholly filled with loose cotton fibre, which is blown into the ticking.

(b) *Plated mattresses.* That is, mattresses filled with loose cotton fibre, overlaid by layers of felted cotton; and

(c) *Felt mattresses.* That is, mattresses wholly filled with layers of felted cotton.

SEC. 2. Manufacturers' maximum prices—(a) *Determination of maximum prices.* Manufacturers shall continue to determine their maximum prices for articles covered by this order under the same regulation and pricing provisions applicable before this order was issued.

(b) *Increase factor.* Manufacturers may increase, by 15 per cent, their maximum prices (exclusive of any permitted increases) properly established under Maximum Price Regulation No. 188 or the "comparability method" of Order No. 4332 under that regulation for sales to all persons except household consumers.

(c) *"Adjusted maximum price."* A manufacturer's "adjusted maximum price" is the highest of the following three amounts:

(1) His maximum price properly established under Maximum Price Regulation No. 188 or the "comparability method" of Order No. 4332 under that regulation increased by 15 per cent in accordance with paragraph (b) of this section.

(2) His maximum price properly established under Maximum Price Regulation No. 188 or Order No. 4332 under that regulation, plus any increases in that maximum price permitted by an OPA order, other than this order.

(3) His maximum price properly established under section 5 of Supplementary Order No. 118.

A manufacturer may make sales and deliveries at or below his adjusted maximum price computed under this section.

(d) *"Unadjusted maximum price."* A manufacturer's "unadjusted maximum price" for his sale of an article covered by this order is 89 percent of his actual selling price for the article (before making discounts, allowances, and other price differentials, including PMs—premium money payments).

SEC. 3. Maintenance of normal production. An order may be issued under this section denying a manufacturer permission to adjust his maximum prices by all or part of the increase factor specified in section 2 when it appears to the Price Administrator, on the basis of information available to the Office of Price Administration, that: (a) the manufacturer has discontinued production of the low-end models which he made and delivered during the period from July 1, 1940 to June 30, 1941; or (b) the manufacturer has decreased the proportion of low-priced to high-priced models which he made and delivered during the period from July 1, 1940 to June 30, 1941, so that his present or prospective production is not representative, in that respect, of his production during that period.

The average price at which the manufacturer's production of each article will be sold shall be a consideration in determining the amount, if any, of the increase which will be granted such a manufacturer.

SEC. 4. Manufacturers' reports. (a) Before delivering an article covered by this order, each manufacturer shall file a report with the Office of Price Administration, Washington 25, D. C., which report shall set forth the following:

- The date of the report.
- The manufacturer's name and address.

¹ This refers to Supplementary Order No. 118, and to orders issued under Supplementary Orders No. 119 and 133, and Order No. A-2 under Maximum Price Regulation No. 188.

(c) The model designation of the article.
 (d) The specifications of the article.
 (e) The manufacturer's "adjusted maximum price" for sales of the article to each class of purchaser (as defined in section 2 of this order).

(f) The manufacturer's terms, discounts, allowances, and other price differentials in effect during March 1942 or thereafter properly established under the applicable OPA regulation.

The report must be filed by every manufacturer whose maximum price has been established under Maximum Price Regulation No. 188, or under Supplementary Order No. 118; or has been adjusted under Revised Supplementary Order No. 119, or under Supplementary Orders Nos. 118 or 133, or under Order No. A-2 under Maximum Price Regulation No. 118, or under this order.

NOTE: Section 9 sets forth additional information required with respect to "branded articles."

(b) No manufacturer may sell an article covered by this order at a price higher than 89% of his adjusted maximum price for the particular sale, (as defined in section 2), unless the report specified in (a) has been filed.

SEC. 5. *Maximum prices for sales at wholesale: or to commercial and institutional users.*—(a) *Sales covered by Maximum Price Regulation No. 590.* This paragraph (a) modifies the pricing provisions of Maximum Price Regulation No. 590 with respect to articles covered by this order. Unless the context otherwise requires, the definitions in Maximum Price Regulation No. 590 apply to the terms used in this paragraph.

(1) *"Adjusted maximum price."* The "adjusted maximum price" of a wholesaler whose sales are covered by Maximum Price Regulation No. 590, for sales to each class of purchaser of an article covered by this order is the "net cost" of the article (based on his supplier's unadjusted maximum price) plus 80 percent of the dollar-and-cent difference between his supplier's unadjusted maximum price and the wholesaler's actual invoice cost, multiplied by the wholesaler's appropriate "category markup." For the purposes of this subparagraph (1) "supplier's unadjusted maximum price" and "wholesaler's actual invoice cost" refer to those amounts as they appear on his supplier's invoice after all discounts except cash discounts.

(2) *"Unadjusted maximum price."* The "unadjusted maximum price" of a wholesaler whose sales are covered by Maximum Price Regulation No. 590 is the price determined by multiplying the "net cost" of the article (based on his supplier's unadjusted maximum price) by the wholesaler's appropriate "category markup."

However, if the wholesaler's selling price for the article is below the "unadjusted maximum price" computed in this way, the "unadjusted maximum price" which must appear on the wholesaler's invoices for that article is the same as the wholesaler's selling price.

If, in accordance with section 4 or 7 of Maximum Price Regulation No. 590 a wholesaler elects to sell an article at his "highest price charged during March

1942," instead of at the price found by applying his "category markup" to his "net cost," the "unadjusted maximum price" which must appear on the wholesaler's invoice for that article is the same as his selling price.

If, in accordance with section 3a of Maximum Price Regulation No. 590 a wholesaler adopts as his own the manufacturer's ceiling prices to a particular class of purchaser, the "unadjusted maximum price" which must appear on his invoice for the article is the same as the manufacturer's "unadjusted maximum price" for sales of that article to the same class of purchaser.

(b) *Sales not covered by Maximum Price Regulation No. 590; and sales to commercial and institutional users.* This paragraph (b) sets forth the methods by which persons making sales at wholesale, which are not covered by Maximum Price Regulation No. 590, shall determine their maximum prices. A person who purchases a soft mattress from the manufacturer, and resells it to a hospital, hotel, or any other commercial or institutional user, shall also determine his maximum price under this paragraph.

(1) *Adjusted maximum prices.* (i) A seller who must determine his maximum price under this paragraph (b), who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall find his adjusted maximum price according to the method and procedure set forth in that section by adding the same markup which he had on that comparable article to the total of:

His supplier's unadjusted maximum price, as it appears on his purchase invoice; and

80 percent of the dollar-and-cent difference between his supplier's unadjusted maximum price and the seller's actual invoice cost.

The seller may make sales covered by the General Maximum Price Regulation, at prices at or below his adjusted maximum price computed in this way.

The determination of a maximum resale price in this way need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(ii) If the seller cannot determine his adjusted maximum price under (i), he shall apply to the Office of Price Administration for the establishment of his adjusted maximum price under § 1499.3 (c) of the General Maximum Price Regulation. The application shall, in addition to the information specifically required by that section also give the following information.

(a) His supplier's unadjusted maximum price as it appears on his purchase invoice.

(b) His actual invoice cost.

An adjusted maximum price established in this way will be in line with adjusted maximum prices established generally under section 6 of this order.

(2) *"Unadjusted maximum prices."*

(i) A seller who must determine his maximum price under this paragraph (b), who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall find his "unadjusted maximum price" according to the method, and procedure set forth in that section by adding the same markup which he had on that comparable article to his supplier's unadjusted maximum price as it appears on his purchase invoice.

(ii) If the seller cannot determine his unadjusted maximum price under (i), he shall, at the time he applies for an adjusted maximum price to the Office of Price Administration under paragraph (b) (1) (ii) of this section also apply for the establishment of an unadjusted maximum price. Unless such an unadjusted maximum price is established, he may not make sales of the article even though his adjusted maximum price is properly established.

SEC. 6. *Invoices to purchasers for resale.* (a) Every person who delivers an article covered by this order to a purchaser for resale (except a retailer making a "cross-stream sale" covered by section 9 (b) of Maximum Price Regulation No. 580), shall furnish to the purchaser an invoice or other written evidence of sale, containing the following:

- (1) The name and address of both the seller and purchaser, and the date of sale.
- (2) The name, number, or other identification of each article sold.
- (3) The quantity of each article sold.
- (4) The seller's unadjusted maximum price for each article sold.
- (5) The actual selling price of each article sold.
- (6) The nature and amount of any additional charges.
- (7) The terms of sale.

(b) No article covered by this order may be sold at a price higher than 89 percent of the seller's unadjusted maximum price for the particular sale, unless the information specified in items (4) and (5) of the preceding paragraph is separately stated on the invoice or other written evidence of sale, and unless the seller's unadjusted maximum price is so identified.

(c) The seller shall retain a copy of such invoice or other written evidence of sale, for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended remains in effect.

(d) A retailer making a cross-stream sale to another retailer must furnish the purchaser with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580. If the cross-stream sale is made in accordance with section 9 (b) (1) of Maximum Price Regulation No. 580, the seller must also state on his sales invoice his supplier's unadjusted maximum price for each article

covered by this order, which appears on the invoice.

NOTE: The provisions of this section are modified by section 9 with respect to transactions involving "branded articles".

SEC. 7. *Notification to purchasers for resale.* At the time of, or prior to, the first invoice to each purchaser for resale showing a maximum price adjusted in accordance with this order the seller shall notify the purchaser in writing, that:

(a) If he is a wholesaler, or if the article is sold to a commercial or institutional user, he must determine his maximum resale prices under section 5 of Order No. _____ under § 1499.159b of Maximum Price Regulation No. 188.

(b) If he is a retailer he must determine his maximum resale price under section 8 of Order No. _____ § 1499.159b of Maximum Price Regulation No. 188; or if the article is a "branded article", under section 9 of that order.

SEC. 8. *Retailers' maximum prices—*

(a) *Retailers whose sales are covered by Maximum Price Regulation No. 580.* If the retailer determines his maximum price under Maximum Price Regulation No. 580, he shall calculate his maximum price following the rules set forth in that regulation.

(b) *Retailers whose sales are covered by the General Maximum Price Regulation.* If the retailer determines his maximum prices under the General Maximum Price Regulation, his maximum price for sales of an article covered by this order shall be computed as follows:

(1) A retailer who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall determine his maximum resale price by adding to his supplier's unadjusted maximum price (as it appears on his purchase invoice) the same mark-up which he had on that comparable article, according to the method and procedure set forth in that section.

(2) The determination of a maximum resale price under (1) need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(3) If a retailer cannot determine his maximum resale price under (1), he shall apply to the Office of Price Administration for the establishment of his maximum resale price under § 1499.3 (c) of the General Maximum Price Regulation. The retailer's application shall, in addition to the information specifically required by that section also give the following information:

(i) His supplier's unadjusted maximum price.

(ii) His actual invoice cost.

A retailer's maximum price established under this subparagraph (3) will be in line with retailers' maximum prices established generally under this order.

NOTE: If the article being priced is a "branded article" its retail ceiling price is fixed by section 9.

SEC. 9. *"Branded articles."* This section sets forth the changes and additions to the other provisions of this order, applicable to transactions involving "branded articles."

(a) *Definition.* An article covered by this order is a "branded article" if:

(1) It was advertised at a uniform retail price, during or prior to March 1946, and

(2) It is identified by a brand or company name; and

(3) During or prior to March 1945, it generally was sold at retail at the advertised uniform retail price.

(b) *Retail ceiling price.* (1) The maximum price for sales of a branded article by a retailer to an ultimate consumer is the retail ceiling price which the manufacturer has calculated, and has properly stated on the tag attached to the article.

(2) Each manufacturer shall calculate the retail ceiling price of his branded article in the following manner: He shall multiply by 172 percent his highest f. o. b. factory or f. o. b. warehouse l. c. l. maximum price for sales of the particular article to retailers after deducting the cash discount, rounding the result to the nearest twenty-five cents.

(c) *Manufacturers' reports.* Before first offering a branded article covered by this order, for sale after the effective date of this order, each manufacturer shall file a report with the Office of Price Administration, Washington 25, D. C., which report shall set forth the information specified in section 4 (a) and also:

(1) The brand name of the article.

(2) The retail ceiling price of the article.

(d) *Invoices to purchasers for resale.*

(1) If the branded article is sold by a manufacturer to a retailer, the invoice required by section 6 (a) of this order shall set forth all the information required by that section, except that it shall not set forth the manufacturer's unadjusted maximum price but shall instead state the retail ceiling price of the article in the following form (with the blank properly filled in):

OPA Retail Ceiling Price—\$-----

(2) If the branded article is sold to a wholesaler, the invoice required by section 6 (a) of this order shall, in addition to the information set forth in that section, also state the retail ceiling price in the following form (with the blank properly filled in):

OPA Retail Selling Price—\$-----

(3) If the branded article is sold by a wholesaler to a retailer the invoice required by section 6 (a) of this order shall set forth all the information required by

that section, except that it shall not set forth the seller's unadjusted maximum price.

(4) If the branded article is sold by a retailer to another retailer (cross-stream sale) the seller shall furnish the purchaser only with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580.

(e) *Tagging by manufacturers.* On and after March 29, 1946, no manufacturer shall deliver any branded article unless it has attached to it a durable tag or label which shall state in clearly readable print, the brand name of the article, and the following statement with the amount properly filled in:

OPA Retail Ceiling Price—\$-----

This Tag May Not Be Detached Until After Delivery to the Consumer

SEC. 10. *Terms of sale.* Every seller of an article covered by this order must maintain all terms, discounts, allowances, and other price differentials (including PMs—premium money payments), in effect during March 1942, or which have been subsequently properly established under Office of Price Administration regulations or orders.

SEC. 11. *Credit charges.* Charges for the extension of credit may be added to the maximum retail prices established by this order only to the extent permitted by this section.

(a) Sellers who in March 1942 collected a separately stated additional charge for the extension of credit on sales of articles covered by this order, or similar types of articles, may collect a charge for the extension of credit on sales under this order, not exceeding such charge in March 1942 on a similar sale on similar terms to the same class of purchaser. Sellers who did not so state and collect an additional charge may collect a charge for the extension of credit only on instalment-plan sales; and the charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale on similar terms to the same class of purchaser in March 1942 by the seller's closest competitor who made such a separately stated charge.

An instalment-plan sale, as used in the above paragraph, means a sale where the unpaid balance is to be paid in instalments over a period of either (1) six weeks or more from the date of sale in the case of weekly instalments, or (2) eight weeks or more in the case of other than weekly instalments.

(b) All charges for the extension of credit shall be quoted and stated separately. Any charge which is not quoted and stated separately, or which otherwise does not conform to this section, shall for the purpose of this order, be considered to be part of the price charged for the article sold.

(c) No seller may require as a condition of sale that the purchaser must buy on credit.

SEC. 12. *Relationship of this order to other orders or regulations—*(a) *Maximum Price Regulation Nos. 188, 580 and 590.* The provisions of this order supersede the provisions of Maximum Price Regulation Nos. 188, 580 and 590, only to

the extent that they are inconsistent with the provisions of those regulations.

(b) *Revised Supplementary Order No. 119, Supplementary Orders Nos. 118, and 133, or Order A-2 under Maximum Price Regulation No. 188.* Manufacturers may continue to adjust their maximum prices in accordance with the increase permitted under Revised Supplementary Order No. 119, Supplementary Orders Nos. 118 and 133, or Order No. A-2 under Maximum Price Regulation No. 188, instead of the increase factor specified in section 2.

If a seller's maximum prices are adjusted under one of those orders, instead of under this order, he must nevertheless comply with the invoicing, reporting, tagging, and notification provisions of this order. These provisions supersede any contrary provisions contained in any individual order issued to any seller.

SEC. 13. Revision of maximum prices. Any maximum price adjusted under this order may be revised by the Price Administrator whenever he determines that such adjusted maximum price is not in line with the level of October 1941 prices increased by 15 percent, giving due consideration to the manufacturer's customary price relation to other manufacturers in the industry.

SEC. 14. Revocation or amendment. This order may be revoked or amended by the Price Administrator at any time.

Effective date. This order shall become effective on March 29, 1946.

NOTE: The reporting and record keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 29th day of March 1946.

Administrator.

CAST IRON BOILERS

MODIFICATION OF MAXIMUM PRICES

An opinion accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Order 1 under section 22 of Maximum Price Regulation No. 591 is amended by adding Article IX, section 9.1 to read as follows:

ARTICLE—CAST-IRON BOILERS

SEC. 9.1 Cast-iron gas fired heating boilers—(a) Scope of this section. This section applies to all manufacturers and resellers of cast-iron gas fired heating boilers.

(b) Manufacturers' maximum prices. Manufacturers of cast-iron gas fired heating boilers may increase their maximum net prices to each class of purchaser as established under Maximum Price Regulation No. 591 by 10½ percent.

(c) Resellers' maximum prices. The maximum price for sale by any reseller of cast-iron gas fired heating boilers shall be his new cost resulting from the

adjustment granted manufacturers in (b) above, and of which he is notified by the manufacturer, plus the same percentage mark-up over cost as he had in effect on April 1, 1946.

To the extent that this section modifies resellers' maximum prices, this section supersedes the provisions of the General Maximum Price Regulation.

(d) Notification. Any person, except on sales to consumers, modifying his maximum prices under the provisions of this section shall notify, in writing, each of his purchasers, at or before the issuance of the first invoice issued after April 2, 1946, of his modified dollars-and-cents maximum price.

This amendment shall become effective April 2, 1946.

Issued this 2d day of April 1946.

CHRYSLER CORP.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to sections 8 and 9b of Maximum Price Regulation 594, it is ordered:

[Rev. SO 119, Order 139]

BELKNAP MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 139 under Revised Supplementary Order No. 119, Adjustment of maximum prices for sales of specified low pressure valves manufactured by the Belknap Manufacturing Company, P. O. Box 741, 800 Union Avenue, Bridgeport,

Connecticut; (Docket No. 6123-SO 119-47).

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum Prices for the Belknap Manufacturing Company of Bridgeport, Connecticut.* (1) The above manufacturer may determine his maximum prices for his line of brass radiator supply valves, elbows, boiler drains, sill faucets, low pressure stops and stop and waste valves by increasing by 14 percent his prices on these items in effect on October 1, 1941, to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941, plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category, on October 1, 1941.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their properly established maximum prices the actual dollars-and-cents increase in acquisition cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 139 under Revised Supplementary Order No. 119 authorizes a 14 percent increase in October 1, 1941 net prices for sales of brass radiator supply valves, elbows, boiler drains, sill faucets, low pressure stops and stop and waste valves manufactured by this company.

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 139.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective April 2, 1946.

Issued this 2d day of April 1946.

[SO 142, Order 66]

MINES EQUIPMENT CO.

DETERMINATION OF MAXIMUM PRICES

Order No. 66 under Supplementary Order No. 142, Adjustment provisions for sales of industrial machinery and equipment, Mines Equipment Company, Docket No. 6083 SO 142-136-125.

For reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Supplementary Order No. 142, *It is ordered*:

(a) The maximum prices for sales by Mines Equipment Company, St. Louis, Missouri, of all its products, which are covered by any of the regulations listed in Supplementary Order No. 142, shall be determined as follows: The maximum prices for any of the above described products, having a base date price, shall be the applicable base date price increased by 2.1% of that price.

The phrase in this order "base date price" shall mean a price frozen under the applicable regulation (by reference to published list prices, and to sales made during a defined period of time prior to a base date), except that for every product covered by this order the base date to be used for establishing a frozen price shall be October 1, 1941. The phrase does not include any price adjusted upward by industry-wide or individual adjustment orders.

(b) For any product for which a price is established under section 6 of Revised Maximum Price Regulation 136; 4 (d) (1) (i) of Maximum Price Regulation 67; § 1361.53 of Maximum Price Regulation 246; or § 1390.205 (d) of Maximum Price Regulation 351, the maximum price shall be computed under the appropriate provisions of the applicable regulation using the price computed under paragraph (a) of this order for the frozen priced product before change or modification.

(c) The maximum prices for sales by resellers of the products described in paragraph (a) above shall be determined as follows: The reseller shall increase the maximum net prices he had in effect to a purchaser of the same class, just prior to the issuance of this order, by the same percentage by which his net invoiced cost has been increased by reason of this order.

(d) The Mines Equipment Company shall notify each purchaser, who buys the products listed in paragraph (a) above for resale of the percentage by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington, D. C.

(e) All requests not granted herein are denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective April 3, 1946.

Issued this 2d day of April 1946.

Regional and District Office Orders.

[Region III Order G-12 Under RMPR 251]

INSTALLED SIDING IN CHARLESTON, W. VA., AREA

An opinion accompanying this Order, issued simultaneously herewith, has been filed with the Division of the Federal Register.

In the judgment of the Regional Administrator of Region III of the Office of Price Administration, the maximum prices established by this Order are generally fair and equitable and are necessary to effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328.

Therefore, under the authority vested in the Regional Administrator by section 9 of Revised Maximum Price Regulation No. 251, and by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Order No. G-12 is hereby issued.

SECTION 1. What this order covers.

(a) This order covers (1) all sales of composition siding on an installed basis, (2) construction services preparatory to such installations, and (3) incidental construction services unrelated to such installations.

SEC. 2. Definitions. (a) "Composition siding" means types of siding used in new and re-siding jobs, such as asbestos-cement siding, standard surface hardness, standard colors 12" x 24" and 12" x 27" not wood shingles or wood siding.

(b) "Installed basis" means a transaction in which the seller furnished composition siding and related materials or services required to incorporate such siding into a building or structure.

(c) "Related materials or services" means the furnishing and installation of leveling strips, 15# felt, felt strips, nails and other materials; removal of rubbish, city permit, labor cost, other job costs, commissions or brokerage directly related to and necessary to such installations.

(d) "Construction services preparatory to such installations" means all services which are necessary to place a structure in repair prior to installation. (Example: Boxing in of concrete, cement block, natural stone or brick basement walls, construction of new dormer, etc.)

(e) "Incidental construction services unrelated to such installations" means separate work or services which may be performed apart from siding installations (for example, roof repairs, painting, etc.) and not necessary for direct siding installations.

The kinds of siding installations covered by this order are: (1) Asbestos cement siding of standard surface hardness, standard colors, 12" x 24" and 12" x 27".

SEC. 3. Relationship of this Order No. G-12 to Revised Maximum Price Regulation No. 251. (a) The provisions of this order supersede sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251, except as otherwise provided in this order, with respect to sales of siding on an installed basis.

(b) Except as otherwise provided herein, all transactions subject to this order shall remain subject to all provisions of Revised Maximum Price Regulation No. 251, together with all amendments that have been or hereafter may be issued.

SEC. 4. Geographical applicability. This order shall apply in the Charleston, West Virginia, area, more particularly defined as the cities of Charleston and South Charleston in the state of West Virginia.

SEC. 5. Maximum price for sales of siding on an installed basis, including related materials and services. The maximum prices for sales of siding on an installed basis, including related material and services, shall be as shown in the following Table I of this section, and shall be upon a price per square basis for the kinds and sizes described. Such prices include:

(a) The cost of siding materials delivered to the site where the installation is to be performed.

(b) The cost of accessories used in the installation of the siding, which means, but is not limited to, leveling material, backer board, starter board, 15# felt and/or felt strips, nails or other necessary material.

(c) Labor costs, including Federal old-age benefits, unemployment compensation taxes and workmen's compensation and public liability insurance.

(d) Other job costs, including but not limited to trucking, removal of rubbish, city permit, rental of scaffold or other equipment (if any).

(e) Margin, which includes commission or brokerage.

Table I

The maximum prices are as follows:

Asbestos-cement siding, standard surface hardness, standard colors, 12" x 24" and 12" x 27": \$23.75 per square.

Extras permitted if installed:

Wood window molding with one prime coat of paint: \$0.10 per lineal foot.
Wood corner boards with one prime coat of paint: \$0.20 per lineal foot.
Caulking around all openings: \$1.25 per opening.

SEC. 6. Measurements. It shall be the seller's responsibility to ascertain that all measurements of the area to be covered are accurate; such measurements including allowance for wastage and overlap shall be as follows:

(a) On installation jobs of ten squares or less, sellers shall compute the over-all area to be covered with siding without allowance for doors or windows. On installation jobs of more than ten squares, the seller must deduct one-half of the area of doors and windows from the over-all area, or

(b) Sellers may use the following alternative method of determining the net area on which the contract price shall be based: Deduct the full area of all windows and door openings from the over-all area; to the net area so determined, add 8 percent, bringing the resulting figure up to the nearest larger half or full square.

A tolerance of 3 percent of the net area may be allowed in either of the computations under paragraphs (a) and

(b) above; if in excess of 3 percent, an adjustment will be required to the area established by paragraphs (a) and (b) above.

SEC. 7. Maximum prices for certain services—(a) Construction services preparatory to installations. The maximum prices that may be charged by sellers of preparatory construction services which are necessary to place a structure in repair prior to installation shall be the maximum prices established in accordance with Revised Maximum Price Regulation No. 251.

(b) Incidental services unrelated to installations. The maximum prices that may be charged by sellers of incidental services unrelated to installations shall be the maximum prices established in accordance with Revised Maximum Price Regulation No. 251.

SEC. 8. Quoting a "guaranteed price". The seller may offer to sell a siding job covered by this order on the basis of a "guaranteed price" wherein the seller agrees to charge a fixed amount, *Provided, however*, That the so-called "guaranteed price" must not be higher than the maximum price figured in accordance with the pricing methods and requirements of this order. Upon completion of the contract, if requested by the purchaser, the seller is required to furnish the purchaser with an itemized statement showing the number of squares, the net area and the maximum price per square for the material used as shown in Table I above, and an itemization of the amount for incidental services and preparatory services.

SEC. 9. Notification to purchaser of existence of order and Revised Maximum Price Regulation No. 251. Every person making sales subject to this order shall, if requested by the purchaser, show the purchaser a copy of this order and Revised Maximum Price Regulation No. 251.

SEC. 10. Revocation. This order may be revised, amended or revoked at any time by the Office of Price Administration.

This Order No. G-12 shall become effective February 28, 1946.

Issued: February 7, 1946.

A. D. RUEGSEGER,
Acting Regional Administrator.

PLUMBING SERVICES IN KENOSHA COUNTY, WISC.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the authority vested in the Regional Administrator of Region VI of the Office of Price Administration by Section 9 of Revised Maximum Price Regulation No. 251, as amended, and by him delegated to the District Director of the Milwaukee District Office of the Office of Price Administration, it is hereby ordered:

(a) *What this order does.* This order establishes maximum prices for all sales by plumbing contractors of materials and plumbing services involving maintenance and repair of existing facilities rendered within the geographical limits of Kenosha County, Wisconsin, except as provided in paragraph (d) below.

(b) *What this order prohibits.* On and after the effective date of this order,

regardless of any contract or other obligation,

(1) No person shall sell or offer to sell, materials or plumbing services involving maintenance and repair of existing facilities at prices higher than the maximum prices established by this order.

(2) No person in the course of trade or business shall buy or receive any materials or plumbing services involving maintenance and repair of existing facilities at a price higher than that permitted by this order.

(c) *Sales below maximum prices.* Nothing in this order prevents the charging or paying of prices lower than the maximum prices established by this order.

(d) *Exceptions.* The cleaning of cesspools and septic tanks is not covered by this order. Maximum prices for this service must be determined under the provisions of Revised Maximum Price Regulation No. 165.

(e) *Maximum prices.* (1) The maximum hourly rates for plumbing services covered by this order are hereby established as follows:

	Maximum straight time rates	Maximum overtime rates	
		Time and one-half per hour	Double time per hour
Foremen.....	\$2.55	\$3.85	\$5.10
Journeyman.....	2.40	3.35	4.80
Helpers and other workers.....	1.90	2.80	3.85

(2) For any plumbing service rendered on any job of less than one hour, a minimum charge for one hour may be made.

(3) *Sales at a lump sum or guaranteed price.* A seller may provide plumbing services covered by this order for a lump sum price commonly known as a "guaranteed price", wherein the seller may charge a total selling price, inclusive of all costs and profit: *Provided*, That said total selling price shall not exceed the total price which could have been charged on an hourly rate basis for the total number of hours actually performed on the job at the hourly rates provided in paragraph (e) (1) above plus the price of materials computed as provided in paragraph (4) below:

(4) *Maximum prices for materials.* Maximum prices for materials covered by this order shall be computed by adding to the legal cost of such materials delivered to the seller's show or storeroom a markup of 33 1/3% of such cost.

(f) *Special pricing practices to be used in computing maximum prices—*(1) *Measurement of hours.* The number of hours to be charged against a particular job for plumbing services rendered shall be computed from the time the workman leaves the plumbing contractor's shop or the previous job in which he was engaged on behalf of said plumbing contractor, whichever is later, until he has completed the particular job if he proceeds to another job, or until he returns to the shop if he proceeds there directly.

(2) Hourly service rates for a plumber's team consisting, for example, of one or more journeymen plumbers or one or

more helpers or laborers or a combination of both, shall not exceed the total of the maximum prices for the hours of service performed by the individual workmen comprising the team as provided in paragraph (e) (1) above.

(g) *Definitions.* (1) "Plumbing Contractor" means one who, by contract or agreement, express or implied, with the property owner or his agent or with one who has a general contract with the property owner, performs the repair, maintenance and installation of plumbing fixtures and materials in existing structures either by his own organization or by sub-contract with others or both and who assumes responsibility for the completion of the work.

(2) "Plumbing services" means all services performed by plumbers or plumbing establishments in the installation, maintenance and repair of materials and fixtures in existing plumbing facilities used in (a) providing means for control of the supply and distribution of water and gas and (b) the reception and removal of waste or surplus water and sewage and (c) the heating of buildings by the use of furnaces.

(3) "Materials" include all items used in the repair and maintenance of existing plumbing facilities, except fixtures and trim, which are necessary for the installation, maintenance or repair of plumbing facilities, including but not limited to all pipe, pipe fittings and lead.

(4) "Journeymen" means persons who are licensed by a municipality to perform plumbing services as journeymen plumbers.

(5) "Wage rates" means the hourly wage rates in effect on October 3, 1942 or hourly wage rates which have been established or authorized subsequent to October 3, 1942 by order of proper governmental agencies.

(6) "Hourly rate" means the rate charged to the customer for each hour of labor expended in the performance of a plumbing job.

(7) "Straight time" refers to plumbing services rendered between the hours of 8:00 a. m. and 5:00 p. m. on Monday to Friday, inclusive.

(8) "Overtime at time and one-half" refers to plumbing services rendered at the customer's request between the hours of 5:00 p. m. and 8:00 a. m. from Monday to Friday, inclusive.

(9) "Overtime at double time" refers to plumbing services rendered at the customer's request on Saturdays, Sundays and the following legal holidays: Christmas, New Years, Decoration Day, Fourth of July, Labor Day, and Thanksgiving Day.

(10) Except as otherwise provided herein or as the context may otherwise require, all terms used in this order shall bear the meaning given them in Revised Maximum Price Regulation No. 251 or the Emergency Price Control Act of 1942, or if not therein defined they shall be given their ordinary and popular trade meaning.

(h) *Filing and reporting of maximum prices.* Every person selling or offering to sell plumbing services covered by this order shall, within 15 days after the effective date of this order, or in the case of sellers engaging in the plumbing con-

tractor business after the effective date of this order, within three days after first offering to sell such services, file with the Milwaukee District Office of the Office of Price Administration the following information:

(1) His legally authorized or approved straight-time and overtime hourly wage rates in effect at the time of filing for each class of workmen employed by him in the supplying of plumbing services.

(i) *Record keeping, sales slips and notification of purchasers.* Every person making sales subject to this order must keep a record showing the time spent by his employees on any job involving plumbing services and the wage rate for each such employee. Such records shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration. Every person subject to this order shall furnish purchasers of plumbing services covered by this order with a sales slip or invoice showing the following: (1) The name and address of the seller, (2) The name and address of the customer, (3) The amount charged for labor, number of hours and rate per hour, and (4) The amount charged for materials, fixtures, specialties and charges for work performed under sub-contract by others. If the invoice or sales slip includes charges for services or commodities not priced under this order, such services or commodities must be described and the charges therefor stated separately. This invoice or sales slip must contain a statement that the prices charged do not exceed minimum prices established by this Order No. G-1. Duplicates of such invoices or sales slips shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration. The documents and records above mentioned shall be kept for as long as the Emergency Price Control Act of 1942, remains in effect.

(j) *Effect of this order with reference to other regulations.* This order supersedes sections 6, 7 and 8 (a) and (b) of Revised Maximum Price Regulation No. 251, as amended, with respect to plumbing services subject to this order. All other provisions of Revised Maximum Price Regulation No. 251 shall remain in full force and effect.

(k) This order may be revoked, modified or amended at any time. Any person covered by this order may at any time file with the Milwaukee District Office of the Office of Price Administration a petition for amendment to this order in accordance with the provisions of Revised Procedural Regulation No. 1.

This order shall be effective March 14, 1946.

Issued this 8th day of March 1946.

H. T. SMITH,
District Director.

[Milwaukee Order G-2 Under RMPR 251]
ELECTRICAL SERVICES IN KENOSHA COUNTY,
WIS.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to the authority vested in the Re-

gional Administrator of Region VI of the Office of Price Administration by section 9 of Revised Maximum Price Regulation No. 251, as amended, and by him delegated to the District Director of the Milwaukee District Office of the Office of Price Administration, it is hereby ordered:

(a) *What this order does.* This order establishes maximum customers' hourly rates for electrical services involving maintenance and repair of existing facilities performed within the geographical limits of Kenosha County, Wisconsin.

(b) *What this order prohibits.* On and after the effective date of this order, regardless of any contract or other obligation:

(1) No person shall sell, offer to sell or render electrical services at prices higher than the maximum customers' hourly rates established by this order.

(2) No person in the course of trade or business shall buy or receive any electrical services at an hourly rate higher than that permitted by this order.

(c) *Sales below maximum prices.* Nothing in this order prevents the charging or paying of hourly rates lower than the maximum customers' hourly rates established by this order.

(d) *Maximum customers' hourly rates.*

(1) The maximum customers' hourly rates for electrical services covered by this order are hereby established as follows:

	Maximum straight time rates	Maximum overtime rates	
		Time and one-half per hour	Double time per hour
Foremen.....	\$2.60	\$3.90	\$5.20
Journeyman.....	2.35	3.45	4.55

(2) For any electrical service rendered on any job which takes less than one hour, a minimum charge for one hour may be made.

(3) *Sales at a lump sum or guaranteed price.* A seller may provide electrical services covered by this order for a "lump sum" price, commonly known as a "guaranteed price", wherein the seller may charge a total selling price inclusive of all cost and profit provided that said selling price shall not exceed the total price which could have been charged on an hourly rate basis for the total number of hours actually performed on the job at the hourly rates provided in paragraph (d) (1) above, plus the price of materials computed as provided in paragraph (4) below.

(4) *Maximum prices for materials.* Maximum prices for materials shall be computed by adding to the legal cost of such materials delivered to the seller's shop or storeroom a mark-up not to exceed 50% of such cost.

(f) *Special pricing practices to be used in computing maximum customers' hourly rates—*(1) *Measurement of hours.* The number of hours to be charged against a particular job for electrical services rendered shall be computed from the time the workman leaves the electrical contractor's shop or the previous job in which he was engaged on behalf of said contractor, whichever is later, until he has completed the par-

ticular job if he proceeds to another job or until he returns to the shop if he proceeds there directly.

(2) Hourly service rates for an electrical contractor's team consisting, for example, of one or more journeymen electricians or a combination of journeymen and foremen shall not exceed the total of the maximum prices for the hours of service performed by the individual workmen comprising the team as provided in paragraph (d) (1) above.

(g) *Definitions.* (1) "Electrical contractor" means one who by contract or agreement expressed or implied, with the property owner or his agent or with one who has a general contract with the property owner, performs the repair, maintenance and installation of electrical wiring and materials on existing structures, either by his own organization or by sub-contract with other or both and who assumes responsibility for the completion of the work.

(2) "Electrical services" means all services performed by electricians or electrical contractors in the maintenance and repair of electrical facilities in existing structures, including but not limited to, the installation or repair of wiring and fixtures.

(3) "Materials" include all items used in the repair and maintenance of electrical wiring and fixtures which are necessary for the installation, maintenance or repair of equipment and fixtures in existing structures.

(4) "Journeymen" means persons who are licensed as electrical journeymen by a municipality to perform electrical services.

(5) "Maximum customers' hourly rates" means the legal hourly rate that may be charged to a customer for each hour expended in the performance of an electrical service job.

(6) "Straight time" refers to electrical services rendered between the hours of 8:00 a. m. and 5:00 p. m. from Monday to Friday, inclusive.

(7) "Overtime at time and one-half" refers to electrical service rendered at the customer's request between the hours of 5:00 p. m. and midnight from Monday to Friday inclusive, and on Saturdays.

(8) "Overtime at double time" refers to electrical services rendered at the customer's request between the hours of midnight and 8:00 a. m., and on Sundays and the following legal holidays: New Year's Day, Memorial Day, the Fourth of July, Labor Day, Armistice Day, Thanksgiving Day and Christmas Day, or days celebrated as such.

(9) Except as otherwise provided herein or as the context may otherwise require, all terms used in this order shall bear the meaning given them in Revised Maximum Price Regulation No. 251 or the Emergency Price Control Act of 1942, or if not therein defined, they shall be given their ordinary or popular trade meaning.

(h) *Filing and reporting of maximum prices.* Every person selling or offering to sell electrical services covered by this order shall, within 15 days after the effective date of this order, or, in the case of sellers engaging in the electrical service business after the effective date of this order, within three days after first

offering to sell such services, file with the Milwaukee District Office of the Office of Price Administration the following information: His legally authorized or approved straight-time and overtime hourly wage rates in effect at the time of filing for each class of workman employed by him in the supplying of electrical services.

(1) *Record keeping, sales slips and notification of purchasers:* Every person making sales subject to this order must keep a record showing the time spent by his employees on any job involving electrical services and the wage rate for each employee. Such records shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration. Every person subject to this order shall furnish purchasers of electrical services covered by this order with a sales slip or invoice showing the following:

- (1) Name and address of seller.
- (2) Name and address of the purchaser.
- (3) The date work was completed.
- (4) The amount charged for labor—number of hours and rate per hour.
- (5) The amount charged for materials.
- (6) If the invoice or sales slip includes charges for services or commodities not priced under this order, such services or commodities must be described and the amount charged stated separately.
- (7) Every person making sales subject to this order shall notify the purchaser of the existence of this order, and, if requested show the purchaser a copy of this order and Revised Maximum Price Regulation No. 251.

Duplicates of such invoices or sales slips shall be kept by the seller in his place of business and shall be available for inspection by the Office of Price Administration. The documents above mentioned shall be kept for as long as the Emergency Price Control Act of 1942 remains in effect.

(j) *Effect of this order with reference to other regulations.*—This order supersedes sections 6, 7 and 8 (a) and 8 (b) of Revised Maximum Price Regulation No. 251, as amended, with respect to electrical services subject to this order. All other provisions of Revised Maximum Price Regulation No. 251 shall remain in full force and effect.

(k) This order may be revoked, modified or amended at any time. Any person covered by this order may at any time file with the Milwaukee District Office of the Office of Price Administration a petition for amendment of this order in accordance with the provisions of Revised Procedural Regulation No. 1.

This order shall be effective March 14th, 1946.

Issued this 8th day of March 1946.

CRESCENT PUBLIC SERVICE CO. ET AL.

SUPPLEMENTAL ORDER APPROVING CERTAIN TRANSACTIONS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 1st day of April, A. D. 1946.

In the matters of Crescent Public Service Company, Central Ohio Light & Power Company, Colorado Central Power Company, Empire Southern Service Company, Helene Curley Rea, Robert W. Rea, Floyd W. Woodcock, Kathleen T. Woodcock, Robin Corporation, (Applicants), File No. 54-108; Crescent Public Service Company, Central Ohio Light & Power Company, Colorado Central Power Company, Empire Southern Service Company, (Respondents), File No. 59-81.

The Commission by order dated February 1, 1946, among other things, having ordered, pursuant to section 11 (b) of the Public Utility Holding Company Act of 1935, that Crescent Public Service Company ("Crescent") dispose of all its interests in and all its control over Colorado Central Power Company ("Colorado Central"), Empire Southern Service Company ("Empire Service") and the properties respectively owned, controlled or operated by them, and that Crescent be liquidated and dissolved;

The Commission in said order having approved, pursuant to section 11 (e) of the act, a plan of Crescent providing, among other things, for the divestment by Crescent of its interests in Central Ohio Light & Power Company ("Central Ohio"), Colorado Central and Empire Service, the retirement of the outstanding Income Bonds of Crescent, the redemption or cancellation by Crescent of its outstanding shares of stock, and the dissolution of Crescent; the Commission

having found that the transactions proposed therein are necessary and appropriate to the integration and simplification of Crescent's holding company system, and having reserved jurisdiction to make appropriate recitals and findings, pursuant to the request of the applicants and declarants, in conformity with the provisions of sections 371, 373, and 1808 of the Internal Revenue Code; and

The District Court of the United States for the District of Delaware, upon application of the Commission made at the request of Crescent, having approved said plan as fair and equitable and as appropriate to effectuate the provisions of section 11 of the act, and having ordered that said plan be carried out; and

Crescent, Central Ohio, Colorado Central and Empire Service having filed an amendment herein requesting that the Commission enter an order approving certain transactions as necessary and appropriate to the integration or simplification of the Crescent holding company system, and requesting that such order conform with the requirements of sections 371, 373 and 1808 of the Internal Revenue Code and contain the recitals and specifications described therein; and

It appearing that these transactions are steps in the consummation by Crescent of its plan herein and are necessary and appropriate to the integration or simplification of the holding company system of which Crescent, Central Ohio, Colorado Central, and Empire Service are members, and are necessary and appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935;

It is ordered and recited, That the following transactions are necessary and appropriate to the integration or simplification of the holding company system of which Crescent, Central Ohio, Colorado Central and Empire Service are members, and to effectuate the provisions of section 11 (b) of the Public Utility Act of 1935:

1. The sale by Crescent of its interest in Empire Service, said interest consisting of (a) a Promissory Note executed by Empire Service due June 1, 1938, in the face amount of \$701,817.31 and bearing interest at the rate of 6% per annum, on which note there is an unpaid balance of \$375,000 principal amount, and (b) 1,000 shares of common stock, having no par value, of Empire Service, being all of the issued and outstanding stock of Empire Service.

2. The payment of the proceeds from the sale of Crescent's interest in Empire Service to City Bank Farmers Trust Company, Trustee under the Trust Indenture securing the outstanding Colateral Trust Six Per Cent Income Bonds, Series B, due October 1, 1954 (hereinafter called the "Income Bonds") of Crescent.

3. The delivery by Crescent to Colorado Central of 10,000 shares (all) of the common stock, no par value, of Colorado Central, owned by Crescent, in exchange for 43,750 shares (all) of the new common stock, having a par value of \$10 per share, of Colorado Central.

4. The sale by Crescent of its interest in Colorado Central, said interest con-

sisting of 43,750 shares (all) of the common stock, par value \$10 per share, of Colorado Central.

5. The payment of the proceeds from the sale of Crescent's interest in Colorado Central to City Bank Farmers Trust Company, Trustee under the Trust Indenture securing the Income Bonds of Crescent.

6. The donation by Crescent to Central Ohio of 5,157 common shares, no par value, of Central Ohio, owned by Crescent, and the cancellation of such shares by Central Ohio.

7. The delivery by Crescent to Central Ohio of 14,843 common shares, no par value, and 1,972 \$6 Preferred Shares of Central Ohio owned by Crescent, in exchange for 74,215 shares of new common stock, having a par value of \$10 per share, of Central Ohio.

8. The purchase by Crescent from Central Ohio of 9,785 shares of new common stock, having a par value of \$10 per share of Central Ohio for \$300,106 cash and the sale by Crescent to Central Ohio of 28 \$6 Preferred Shares of Central Ohio at the liquidating price of \$110 per share when such \$6 Preferred Shares are called for liquidation by Central Ohio.

9. An offer by Crescent to the holders of its Income Bonds of the right to exchange their Income Bonds for (a) shares of common stock, having a par value of \$10 per share, of Central Ohio and (b) cash, at the rate of 30 shares of the common stock of Central Ohio plus \$80 in cash for each \$1,000 principal amount of Income Bonds, the maximum principal amount of Income Bonds to be accepted for exchange to be \$1,250,000.

10. Upon the exchange offer described in transaction No. 9 becoming effective, as set forth in the Commission's Supplemental Findings issued on February 1, 1946, the delivery by Crescent to the holders of its Income Bonds in exchange for such Income Bonds of (a) 3 shares of common stock, having a par value of \$10 per share of Central Ohio and (b) \$8 in cash, for each \$100 principal amount of Crescent Income Bonds accepted for exchange.

11. The use by Crescent of the proceeds from the sale of its interests in Empire Service and Colorado Central and from the sale and liquidation of the

28 \$6 Preferred Shares of Central Ohio for (a) payment of the cash due on the exchange of Central Ohio common stock and cash for Crescent Income Bonds, (b) the redemption and retirement of the outstanding and unexchanged Crescent Income Bonds, and (c) to the extent available after payment of the outstanding liabilities of Crescent for fees and expenses of the plan, Federal tax liabilities and similar items, and redemption or cancellation of the 60,000 shares of outstanding common stock of Crescent, having a par value of \$1 per share.

12. The distribution by Crescent of any shares of common stock, having a par value of \$10 per share of Central Ohio which are owned by Crescent and which are not used in the exchange of such stock and cash for the retirement of Crescent Income Bonds, as described in transaction No. 10, to the holders of the 60,000 shares of common stock, having a par value of \$1 each, of Crescent, the sale by Crescent for cash of such fractional shares of Central Ohio stock as would result from a distribution of the Central Ohio stock to the Crescent stockholders; and payment of the cash so realized by Crescent to the stockholders of Crescent in lieu of the fractional shares to which they would otherwise be entitled.

By the Commission.

All interested persons are referred to the application-declaration which is on file in this Commission for a statement of the transactions therein proposed which are summarized as follows:

Electric is the owner of all the presently outstanding 500,000 shares of the no par value common stock of Mississippi. Mississippi proposes to issue and sell, and Electric proposes to acquire, 200,000 additional shares of the common stock of Mississippi for \$2,250,000 cash, Electric reserving the right to acquire and pay for the stock in such number of shares and at such times, within a 60 day period, from and after receipt of an order therein approving the proposed transactions, as Electric shall specify in writing to Mississippi.

Upon completion of the proposed transactions the value of all of Mississippi's then outstanding 700,000 shares of no par value common stock will be stated on its books at \$7,000,000.

Mississippi proposes to use the proceeds of the sale, together with other monies, for the construction of new facilities and the extension and improvement of its present facilities.

By the Commission.
